Valley Fresh Fruit Sales at New Peak

"Mac" Movement Good in West, Entirely Different in East; U.S. Imports Felt

Season's sales of the Okanagan Valley crop on the fresh fruit market have exceeded any previous year, according to A. E. Loyd, president of B.C. Fruit Producers' Association, at Kelowna, yesterday, Wednesday.

Commenting on the general market situation, Mr. Loyd said that the demand for apples is normal in Canada and in that respect McIntosh shipments have increased over the 1948 total.

"Entirely different" is the situation in Eastern Canada.

Eastern apple growers have had a crop of good quality, selling at moderate prices. Transportation from the Valley means a low price, consequently apples are being moved East to any great extent.

Prunes will be coming in this week. The market was "up" until Labor Day, Mr. Loyd said, but since then it has been "slow and draggy."

Competition

Apples are the last variety in the picture and movement is expected to be brisk although should be steady.

For years have felt the effect of the recent lifting of the ban against importation of U.S. fruit.

United States fears have been received in Western Canada "fairly substantial" quantities have been sent to the Eastern States. The U.S. market is weak.

Apples are just about over and will be completed this weekend. It is said that in the last few years there has been some depression of the market due to California competition.

Not being moved East in great extent and distribution is slower compared to a few years ago when shipments were heavy. The market is being reached, 5,265 being shipped to date, it is concluded.

Aviation Council

Wishes to Speed Order Crossings

Establishment of Bases

Order to Ports of Entry

Ordered by U.S. Committee

to facilitate the rapid crossing of airborne traffic across the Canada-United States border, the International Northwest Aviation Council is attempting to drum up interest in the construction of air bases and seaplane bases close to the present customs offices at the border.

Resolution advocating this construction was first introduced by J. J. Jones, chairman of the Western Chamber of Commerce Aviation Committee, and passed by the International Northwest Aviation Council at its recent meeting.

The State Aeronautics Commission in Montana, Idaho and Washington and the Aviation Council of B.C. and Alberta will be asked to encourage this development.

In addition the Council has forwarded copies of the resolution to the Board of Trade in the province in order to ascertain their attitude on the project. The Vernon Aviation Council is expected to consider the matter within a few days.

Aviation Council

Sky Gazers May See Total Eclipse of Moon Tonight

Weather permitting, residents of Vernon and district will witness one of the more interesting heavenly phenomena tonight, Thursday, when the moon will be lost in the earth's shadow.

Total eclipse of the moon will begin at 8:37 p.m., Pacific Standard Time, when the moon rises, and will end at 8:48 p.m., when the moon leaves the umbra, or full shadow of the earth. The moon will remain in partial shadow until 10:02 o'clock when the moon will leave the penumbra, or partial shadow.

Dr. K. O. Wright, astronomer at the Dominion Astro-Physical Observatory at Victoria, says that the eclipse will be similar to that of April 28, but the area of visibility has shifted south and that the moon will be partially eclipsed when it rises.

A total eclipse will be in evidence from 8:10 to 7:33 p.m., with mid-eclipse at 8:48 p.m.

Observers will see the moon transformed from its usual bright yellow to a weird copper color during the eclipse. The April eclipse was darker than usual, because clouds lying over much of the earth's surface prevented refraction of the sun's rays.

Attending United Nations General Assembly
A. D. P. Heene, Under Secretary of State for External Affairs, left; General A. G. L. McNaughton, permanent delegate to the U.N. centre, and Hon. Lester B. Pearson, Secretary of State for External Affairs, caught by the camera as they attended the

fourth session of the United Nations General Assembly at Flushing Meadow, N.Y. When asked to comment on the revelation that there had been an atomic explosion in the U.S.S.R., General McNaughton replied, "I'm not surprised."

"Ride Into Town" Ends in Near Death for City Youth

Only Survivor of Jeep Crash Unable To Give Coroner Account of Accident

John Lawrence, Kramer, 18, of Vernon, thought on Friday evening, September 23, that he was just being driven into town by friends. Instead he went in a jeep to the outskirts of Peachland and thereby nearly met his death.

Such was the story revealed by Kramer at an inquest in Summerland on Monday afternoon. Still shaky in recovery from a fractured skull and fractured right wrist, suffered when he was the only survivor of a jeep crash just outside Peachland a few minutes before 9 p.m. on September 23, the Vernon youth was the chief witness.

Driver of the ill-fated U-drive jeep which careened over and over on the highway was Allan Olsson, of Nelson, and the third passenger was Robert Henry Abbott, who lived most of his life in Vernon before moving to Parksville, V.I. Both died in the Summerland General Hospital early September 24 as a result of injuries sustained in the crash.

"Excessive Speed"

A coroner's jury on Monday returned the verdict that Olsson and Abbott came to their deaths as a result of fractured skulls and extensive head injuries. The six-man jury added a rider that "we feel excessive speed was the cause of the accident."

Kramer proved an interesting witness, as he was the only man who could state that Allan Olsson was the driver of the jeep, which was later and Abbott had rented earlier in the day from the Capital U-drive Ltd. in Vernon.

Kramer had known Abbott all his life but he had only met Olsson that day. He told the coroner's jury of accepting a ride into town, where he intended to change his clothing and get something to eat. The three youths, however, went to Peachland.

Kramer stated that he could smell liquor on Olsson's breath but he "could walk pretty straight."

Peachland proved the destination of the two men in the jeep, but Kramer never found out why. Authorities have since learned that Olsson had come down to Peachland on other occasions to attend the dances and had worked at the Greata Ranch at one time.

Kramer said he was tired and hungry as he had had no supper and dozed off just before entering Peachland. He could give no account of the accident itself.

Ride Into Town

Red Cross Blood Donor Clinic Here At End of October

Hours for the Red Cross Blood Donor Clinic will be arranged to suit everyone's convenience, when the unit visits Vernon on October 25 and 26. The Clinic will operate on the Tuesday afternoon and evening, and on the Wednesday in the morning and afternoon, in the Legion Centre.

This makes the sixth visit of the Clinic to Vernon. On this occasion, the local appearance is under the chairmanship of Vernon's Red Cross acting president, Harold Whitmore. Plans are being pushed forward, and an increased enrollment of blood donors is anticipated.

The importance of having a supply of blood and blood plasma on hand is emphasized. Through the Red Cross blood transfusions are now free to anyone in need of this life-giving operation.

Vancouver Men May Build \$250,000 Hotel in City

Await Decision on Council Proposal May Sell City Hall Site for \$10,000

A long-standing complaint in Vernon, lack of adequate hotel accommodation, may soon be removed. A source of information that has plagued this city since the war years will be overcome if current negotiations between the City Council and three Vancouver business men bears fruit.

On Tuesday, Mayor T. R. B. Adams informed The Vernon News that the City Council and Vernon Board of Trade had been contacted by three Vancouver men who were "definitely interested in building a hotel here."

In an interview on Saturday morning between City Council and Trade Board members and the interested parties, matters were fairly well decided. Monday night the Council drew up an agreement which has been submitted to the men for their approval. No decision has yet been reached.

The Vancouver men are: Frederick Schell, James Young, and George Bahrychuk.

If the agreement goes through, the City Hall site, which is the only site the party is interested in, will be sold for \$10,000 net. Mayor Adams stated the Council is willing to sell the City Hall site "only if a hotel is to be built upon it." Bids for the property for other purposes have been turned down.

Mayor Adams declared a modern, first class hotel will be constructed at the approximate cost of \$250,000. Accommodation would consist of 50 to 60 bedrooms with good public rooms and a large banquet hall.

Commenting on the \$10,000 price for the City Hall site, the Mayor said this low figure had been set purposely because the city is in dire need of adequate hotel facilities. For sale of the property, a bylaw must be drawn up and approved by the ratepayers.

The selling price of \$10,000 will have no effect on the property's assessed value of \$11,500.

One stipulation in the agreement not yet signed is that the City Council must approve the plans for the hotel.

Ready Next Year

Under arrangements, the City Hall site would have to be ready for construction of the hotel by the end of next year.

Council Clamps Down on Sub Standard Dwellings

Check Instituted on Living Quarters Below Zone Requirements Within City

The City Council is about to adopt a policy that all sub-standard living accommodation within the municipal boundaries will be listed and checked every few months. Using zone regulations as a guide, if and when living quarters which fall below the standard are vacated, they will be examined. Recommendations to owners as to necessary improvements to bring dwellings up to regulations will then be made.

The city's policy is not to evict tenants, Mayor T. R. B. Adams said on Monday night, during a long discussion. Gradual elimination of all sub-standard dwellings is the objective.

The decision to list and check at frequent intervals was arrived at upon Alderman George Melvin's recommendation, after J. P. Leonard had made further representations to the Council regarding his property which, according to Building Inspector F. Neville-Smith, falls short of requirements. Mayor Adams also reported on the findings of a committee of three, headed by himself with two aldermen, who visited the Klingspohn habitation to investigate conditions. Mr. Klingspohn will be permitted to remain where he is until spring.

James Ewing was granted permission to raise his cottage on cement foundations and otherwise improve the building, subject to a favorable report from the city engineer as to sewer levels. This dwelling, stated Mr. Ewing, was in a letter to the Council, "was in the path of flood waters" experienced last year.

Alderman Melvin said he could not vote in favor of the measure "under the existing bylaw." Mayor Adams pointed out that the Council has the power to make specific exceptions, and the motion carried when put to the vote.

The owner of property at Main Street and 43rd Avenue will be exonerated from any further charges on one lot contained in the site, until such time as a residence is built on the lot. This agreement was agreed upon, after hearing a report by Alderman Fred V. Harwood, Squibb, Sweet and Nuttall, acting on behalf of the owner, had asked the Council to waive these charges.

Transfer Heavy Road Equipment to Speed Hope-Princeton Work

A transfer of heavy road-building equipment by Emil Anderson and Co. to W. C. Arnott and Co. in an effort to get the Hope-Princeton Road completed before winter was announced by Hon. E. C. Carson, Minister of Public Works.

This equipment, Mr. Carson said, includes four power shovels, eight big earth-moving machines, six bulldozers and a sloping machine. All but 10 miles of the highway have been paved and is ready for traffic. Eight miles of the remaining 10 yet to be completed, are being made ready for paving. This leaves two miles in various stages of completion.

Death Camps, Forced Slave Labor

Speaking before an audience of 250 local Ukrainians at the Ukrainian National Home in Vernon on Sunday, Dr. Stefan Rosocha, member of the Ukrainian National Council, declared that "the present government of the Soviet Union is a mere puppet government of the Moscow rulers."

A vice-president of the Carpatho-Ukrainian parliament in 1939, the speaker flew to Canada from Munich, Germany, on January 25 and is now touring the country under the auspices of the Ukrainian National Federation and the Ukrainian Canadian Committee.

Mr. Rosocha spoke with emotion of the "concentration camps, death camps and forced slave labor in the U.S.S.R., where millions of Ukrainians as well as peoples of other nations, suffer for their religious, national, political and social convictions." As a Ukrainian he condemned the United Nations use of its authority and power to eliminate these atrocious things.

He stated that the Ukrainians have been waging a relentless struggle during the last 30 years against the Russian Communists—"now a world menace"—with hope they have maintained an underground resistance against the Soviet without any outside help.

The short statured, former army Death Camps

STUART RICHARDSON
'Pathway of Freedom' Topic for Address To Board of Trade

When the Vernon Board of Trade meets in regular monthly session in the National Hotel on Wednesday of next week, October 12, Stuart Richardson, of Montreal, will give an address on the "Pathway of Freedom."

Mr. Richardson will give the concept of freedom; how it came into being as a way of life; the cost of it through years, and its present value.

Born and educated in England, Mr. Richardson has completed 28 years' service with Northern Electric for which company he is now Public Relations Assistant. He spends much of his time on "good-will tours."

Taking part in the service was Rev. G. W. Payne, Rev. H. R. Whitmore, secretary of Kamloops-Okanagan Presbytery, and G. S. Dawe, superintendent of the Sunday School. The choir, under Mrs. Stephen Temple, with Mrs. C. W. Gaunt Stevenson at the piano, led singing, featuring Mozart's "Gloria in Excelsis," and Rachmaninoff's "To Thee, O Lord, Do I Lift Up My Soul," with Helen Savers taking the solo.

This building is hereby dedicated and set apart as a portion of Vernon United Church. Peace be to this hall and to all who worship here. May blessing rest upon their coming in and going out," prayed Mr. Whitmore. Many people in the assembly had moist eyes. The Hall is the culmination of their hopes and work and at the same time is a symbol of further expansion in the church program.

The Bible presented by Mrs. Guy P. Bagnall, in memory of her father, W. C. Pound, used when the old Methodist Church was opened in Vernon 57 years ago, was presented by Mr. Whitmore in the place of a key. The pulpit, on which the Bible will rest, was built by J. Ramsey.

SUTHERLAND'S LTD.

Invite You to Come and Inspect

The

Spacious New Quarters

On the Official Opening Date

Friday, Oct. 7th, from 8:30 a.m. until 5:30 p.m.

An Envable Display

After the long period of waiting for the official opening of our new store, we now point with pride to the large selections of Dry Goods, Ladies' Wear and Children's Wear that are attractively displayed for your convenience. You are invited to drop in and inspect our complete stock of merchandise.

In Sincere Appreciation . . .

It is with sincere appreciation that the Management of Sutherland's Ltd. takes this opportunity to publicly thank Mr. Charles E. Holmes, Contractor, and all the workmen and suppliers who co-operated so well with us during the construction of our new premises. . . . Needless to say, without their fine workmanship and cordial relations such a fine building as ours would have never materialized.

SUTHERLAND'S LTD.

A Special Offer

As a Special Offer on the advent of our opening, ALL FALL COATS for both women's and children's, have been REDUCED IN PRICE 10%. DON'T MISS THIS EXCEPTIONAL OFFER.

New Opportunity

An established Canadian manufacturer is inaugurating a new dealer organization, whereby, with a nominal capital investment, a man may open his own business.

Territories are issued, which insure agent exclusive representation. Applicant should have a combination of sales and technical ability and should reside in an area where he is well known and established.

Anyone meeting the above requirements and interested in a long-term proposition returning exceptionally good profits, should investigate this opportunity.

WRITE, GIVING FULL PARTICULARS, TO

VANCOUVER, B.C.

No Estimate of Damage in Armstrong Warehouse Fire

ARMSTRONG, Oct. 4.—Wednesday evening of last week, at approximately 11 o'clock, a three-blast fire alarm called the local Volunteer Fire Brigade to the scene of a fire at the warehouse of the B.C. Pea Growers Ltd. on Railway Avenue.

Some stocks were burned, but actual extent of the fire damage is, as yet, unknown.

As excited spectators milled about gazing up at the smoking building, the roof appeared literally to burst into flame. Two lines of hose were brought into play from hydrants with a third line in readiness.

By midnight the fire was well under control. This was no small task since the fire hoses had to be trundled up three flights of stairs to reach the top of the warehouse.

Officials have determined that the fire started in the head of a shaft where a transmission belt had stopped although other machinery kept moving. Friction from the revolving pulley on the belt finally caused the belt to ignite and before long the framework of the shaft was ablaze.

W. Jones, night watchman, placed the alarm immediately upon noticing the fire. The volunteer firemen arrived promptly on the scene and quickly prevented spread of the fire to nearby packing houses and a saw mill.

Baseball Officials

At a recent meeting of the Armstrong Baseball Club, Ted Hoole was elected president; R. Taylor, vice-president; and K. Prowse, secretary-treasurer. Committee chairmen are: D. D. Beebe, entertainment; C. Molson, finance; Audrey File, auditor; L. Babb, ways and means; Charley Molson, grounds; George Mullen, manager and coach.

Mr. File presided over the meeting. A committee, consisting of L. Babb, R. Taylor and B. Beebe, was appointed to investigate costs of new uniforms that the club anticipates buying.

The club sponsored a dance on Friday night in the Recreation Hall with the Enderby Swingers providing the music. Florence Henley was the winner of the door prize, an electric tea kettle.

Band Practices Start

The first practice of the season for the Armstrong Band was held Monday evening in the Drill Hall with a fair number of members in attendance. George Elliott, bandmaster, obtained new music books this summer and the musicians got off to a good start with these new airs. Band president G. R. McQuarrie gave a " pep talk " to the beginners, encouraging them to practice daily so that one day " Armstrong may be proud of its band."

The next practice will be held Monday evening in the Drill Hall and a large attendance is anticipated.

The Rocky Mountain Rangers, "D" Company at Armstrong are planning a gala Thanksgiving Day dance to be held in the Drill Hall. Several free films will be shown, commencing on Sunday evening at 10:30 o'clock, continuing until midnight. The dance will start at 12:01 a.m. with the Salmon Arm orchestra providing the music. Dancing will continue until 4 a.m. and breakfast will then be served.

Invitations have been distributed.

Order of Eagles Spreads Charter In Vernon Area

A Fraternal Order of Eagles Aerie was instituted in the Vernon Canadian Legion Hall on Sunday afternoon with 52 charter members. The institution ceremony was supervised by George Goodenough, instituting officer and secretary of the British Columbia Provincial Aerie of the Eagles, of Victoria.

Officers elected were: president, M. O. Lane; junior past president, T. R. Dafeo; vice-president, W. Kearns; chaplain, J. A. Bjordal; secretary, M. Dunkley; treasurer, W. R. Baker; conductor, R. Kilpatrick; inside-guard, V. K. Pugh; outside-guard, G. Aktemichuk; trustees, J. A. Davis, J. McKergow, L. Wright.

The new Vernon Aerie has been organized during the past two months under the guidance of E. J. Lamont, New Aerie Organizer for the Fraternal Order of Eagles in B.C. The local Aerie is the 23rd in the province. The present provincial membership is over 15,000.

The national order of the Eagles boasts a membership of 1,500,000 men with Aeries located in more than 1,850 communities in the United States and Canada.

The Fraternal Order of Eagles is well known for their assistance with community, civic and humanitarian programs.

The charter of this new organization will remain open until 100 members are initiated. Anyone interested can obtain further information by contacting the secretary, M. Dunkley, 4008 20th Street.

Regular weekly meetings will be held commencing on Monday, October 17, in the Burns Hall.

Enderby Girl Wed At Double Ring Ceremony

ENDERBY, Oct. 3.—Colorful late autumn flowers were used as the background for a double-ring ceremony, solemnized in St. Anne's Roman Catholic Church on September 29, which united Jane Mary, daughter of Mr. and Mrs. Mike Pasemko, of Enderby, and Ian, son of Mr. and Mrs. J. Thompson, of Penticton.

Father Connellan performed the rites. Mrs. A. Sugan, of Armstrong, played the wedding music, with Mrs. R. Stewart, also of Armstrong, singing "Ave Maria" during the signing of the register.

The bride, who was given in marriage by her father, wore a gown of ivory satin. The fitted bodice featured a neckline embroidered with rhinestones and pearls. The soft, full skirt fell to the floor. Her three-quarter-length veil was held in place by a beaded coronet, and her quaint bouquet was of white gardenias surrounded by carnations and yellow rosebuds.

Mrs. N. Kotlyak was her sister's matron of honor, and wore a floor-length gown of yellow lace with matching gloves. Her bouquet was of yellow flowers, and her coronet was of the same blooms. In contrast, but similar in style, was the lime-green gown worn by the bridesmaid, Miss Marion Pasemko. Her gloves were emerald, with bouquet and fresh flower headpiece identical to those of the matron-of-honor. Little Diane Kotlyak and Shirley Ann Fedyniak, as flower girls, wore toe-touching frocks of pink and blue net over taffeta, and carried dainty little baskets of autumn flowers.

Sidney Watts, of Penticton, was groomsmen.

Over 100 guests attended a reception held after the rites in the Enderby Hotel banquet room, which had been decorated with pink, blue and white streamers and wedding bells. Vases of asters and sweet peas decorated the guest tables, with a lace cloth covering the bride's table, centred with a three-tiered wedding cake, embedded in tulle.

Mrs. Pasemko assisted the bride party to receive, wearing an afternoon ensemble of navy blue, with a corsage of roses.

The groom's mother, Mrs. Thompson, wore a wine-colored suit with matching accessories, and a corsage of pink-edged carnations. Each guest was presented with a dainty corsage by the matron-of-honor and bridesmaid.

Father Connellan proposed the toast to the bride, to which the groom responded. Mr. Watts toasted the attendants.

For her wedding trip to Vancouver, the bride wore a Glen tweed plaid suit in brown shades, with wine hat, bag and shoes. Her corsage was of yellow rosebuds.

Flowers like the aster, iris, helianthus and most other perennials do best with periodic replanting.

Mildred Marshall Wed in Rites at Armstrong Home

ARMSTRONG, Oct. 3.—The home of Mr. and Mrs. Arthur Marshall was the scene of a quiet wedding on Saturday afternoon, when their eldest daughter, Mildred Eunice, was united in marriage with William Frederick, eldest son of Mr. and Mrs. Edward Merriman, of Victoria. Rev. F. E. Runnalls performed the rites.

The ceremony took place beneath an arch of colorful autumn foliage and asters, with a background of ferns.

Given in marriage by her father, the bride wore an afternoon frock of turquoise blue with matching hat and corsage of gardenias and pink rosebuds. Miss Louise Marshall was her sister's bridesmaid, and wore an afternoon frock of blue taffeta and lace over pink with matching hat, and pink carnation corsage. James Bjordal, of Vernon, supported the groom.

At the reception which followed, the bride's table was covered with a lace cloth, and centred with a three-tiered wedding cake. White streamers were suspended from a large wedding bell above the table, at which Mrs. S. Cary and Mrs. C. F. Marshall presided. Miss Kay Marshall and Miss Alma Marshall, small cousins of the bride, wore serviettes. Congratulatory telegrams were received from the groom's parents and grandparents, and from the staff of the Royal Bank of Canada at Vernon, where the bride was on the staff for the past eight years.

For her wedding trip to Victoria, the bride changed into a forest-green gaberdine suit with grey accessories. The couple will make their home in Vancouver.

Records show more delinquency in Canada among children of British parentage than among children with parents born in Canada or elsewhere in the world.

Spallumcheen To Enforce Dog Licence Bylaw

ARMSTRONG, Oct. 4.—At the regular meeting of the Municipality of Spallumcheen Council in the Municipal Hall on Monday night, all councillors agreed that outstanding accounts for weed poison and bulldozing should receive immediate attention with an object of collecting them as soon as possible.

A second motion which was discussed to some length was that of enforcing the dog license bylaw. Reeve Nothe will interview the Provincial Police in order to get action on the move.

A police report for the month of August was issued by the Council, showing three prosecutions.

Brief talks were presented to the Council by Councillors Whitaker and Lellman on the Kelowna and Victoria conventions of the U.B.C. M. which were held in August and September.

In connection with the easement agreement relative to the Silver Star Waterworks District, further information is to be obtained by C. W. Morrow, of Vernon.

A letter was read to the Council from Auditors Crehan and Meredith Company recommending a change in the assessment roll from an alphabetical system to a numerical sequence.

Next meeting is to be held on November 7.

Guide Tea, Sale

The Armstrong Girl Guides will hold a tea and sale of home cooking on Saturday from 2 to 5 p.m. in the Legion Hall.

Mrs. Annie Coughlin and son, George, returned to their home in Capreol, Ont., on Wednesday of last week after spending a short visit with her sister, Mrs. T. Robertson, of Armstrong.

S. R. Heal left Armstrong on Friday on a business trip to Portage La Prairie, Man.

Mrs. J. L. Hopkins left on Tuesday for Vancouver where she will visit her daughters in Vancouver and Victoria.

Mr. and Mrs. Frank Watt and son, Frank, of Portland, Ore., spent last weekend visiting in Armstrong at the home of Mr. Watt's mother, Mrs. S. Watt, Sr.

Mrs. Annie Hallam left Armstrong on Wednesday of last week for Tranquille after holidaying at the home of Mr. and Mrs. Fred Ruggins.

Robert M. Gosse, of Vancouver, was a business visitor in Armstrong on Friday.

Order of Eagles Spreads Charter In Vernon Area

A Fraternal Order of Eagles Aerie was instituted in the Vernon Canadian Legion Hall on Sunday afternoon with 52 charter members. The institution ceremony was supervised by George Goodenough, instituting officer and secretary of the British Columbia Provincial Aerie of the Eagles, of Victoria.

Officers elected were: president, M. O. Lane; junior past president, T. R. Dafeo; vice-president, W. Kearns; chaplain, J. A. Bjordal; secretary, M. Dunkley; treasurer, W. R. Baker; conductor, R. Kilpatrick; inside-guard, V. K. Pugh; outside-guard, G. Aktemichuk; trustees, J. A. Davis, J. McKergow, L. Wright.

The new Vernon Aerie has been organized during the past two months under the guidance of E. J. Lamont, New Aerie Organizer for the Fraternal Order of Eagles in B.C. The local Aerie is the 23rd in the province. The present provincial membership is over 15,000.

The national order of the Eagles boasts a membership of 1,500,000 men with Aeries located in more than 1,850 communities in the United States and Canada.

The Fraternal Order of Eagles is well known for their assistance with community, civic and humanitarian programs.

The charter of this new organization will remain open until 100 members are initiated. Anyone interested can obtain further information by contacting the secretary, M. Dunkley, 4008 20th Street.

Regular weekly meetings will be held commencing on Monday, October 17, in the Burns Hall.

National Fire Prevention Week Starts on Monday

"Don't think that one week in the year will do the job; it must be continuous, unabating and even relentless—this task of beating public enemy number one, fire." So said Fire Chief Fred B. Little during Fire Prevention Week last year which was from October 2 to October 9.

The 1949 Fire Prevention Week designed to bring to the public the danger of fire, is October 9 to 15. The local department will be issuing posters to the schools and various stores. A contest on fire prevention is to be conducted in the Elementary School during the week.

"Open House" at the Fire Hall will be all week long. The public is invited to inspect the fire equipment, the new alarm system in its earlier stages of installation and general personnel performing their duties.

City Looks Ahead to 1950 Summer Sports Activities

Although rains and falling leaves are mute evidence of fall and the vanguard of winter, the City Council is looking to next year's outdoor entertainment. On Monday night a donation of a carload of ashes for the race track outside Polson Park oval from the C.F.R. was acknowledged; also the offer of the C.N.R. for two carloads of ashes. The purchase of 50 gallons of weedkiller was authorized which will be applied to the track before the ashes are laid.

City owned equipment will be available next week for grading and levelling the grounds adjacent to the Harwood Elementary School in MacDonald Park. F. S. Sterling, chairman of School Board for District Number 22, has been so advised.

An additional 6,000,000 gallons of storage water will be available next year, through work on the Pine Street reservoir. This program will be completed in about a week's time, if the weather holds, so City Engineer F. G. deWolf stated.

Writing "thirty" to this summer's activities at Kalmalka Lake Beach is the turning off of the water in the canteen and restrooms. The concession has been boarded up. However, a sign near the pier bearing the slogan that the latter is a Rotary Club project is being erected.

A sidewalk on 21st Avenue from Mission Street is asked by the Vernon Homes Limited, owners of some property on the 519 feet involved. The potential cost of this project is about \$1,000. The Council was told that 60 to 80 yards of "fill" is required, which should consolidate first, by the City Engineer. Alderman Melvin recommended cinders or gravel be laid in front of the apartment block on 21st Avenue for the convenience of tenants during the bad weather.

Approximately \$75 is required to repair the Library roof, and the Board of Works was authorized to proceed with this work.

Patrol Leaders Fill Role of Scoutmasters For Weekly Meeting

At the Tuesday night Scout meeting, patrol leaders Carl Albers and Archie Brown of the Third Vernon Troop replaced Scoutmaster Herb Northcott and A. S. M. John McDonald in conducting a lively hour of instruction and games.

The boys revelled in their new found authority, taking particular pleasure in putting the Scoutleaders through their paces. Scoutmaster Northcott presented a number of the Scouts with the following merit badges: Swimmers, Morris Hembling, Leonard Bergonier and Jack Peters; Knotters, Teddy Woodhouse; Leaping Wolf, Gary Reiser and Edgar Hunter.

Arthritis

(Continued from Page One)

of arthritis and the possibilities of a cure, if treated in time. The slides, which showed many varied features of arthritis, were presented by Dr. Edward Best, Director of the North Okanagan Health Unit.

The original meeting, which received little response, was held in Vernon on July 6, when Miss Mary Pack addressed a representative group of men and women from the medical fraternity, service clubs and the Red Cross.

Mrs. J. D. Taylor, physiotherapist, spoke to the gathering, pointing out that arthritis can be treated if adequate equipment is available. She told the group that plans are being worked out to set up clinics throughout the province. "Plans are to form an organization where people may go for treatment regardless of the cost. The Society is endeavoring to provide clinics for people who can get to them and to take clinics to the people who can not. X-rays, drugs and other necessities can also be provided," stated Mrs. Taylor.

Said Dr. Harvey: "A great many people, young and old, are suffering from arthritis. I hope the commencement of a Society here in Vernon will be able to stimulate ways and means to improve the work being done with arthritis eventually leading to a cure."

Dr. Harvey was supported by Dr. E. J. Alexander, who fully endorsed the forming of a Society Branch in Vernon. "The number is certainly too great to get everyone into the hospital so it must be made possible to treat patients at their home where they have good care and home environment," declared Dr. Alexander.

The executive will be holding regular meetings in the near future so that a program of activity for the Vernon Branch can be arranged.

Dr. Best informed the executive and meeting that the Health Unit was at the disposal of the organization at anytime.

A meeting of the entire Branch will be called at a later date.

Aviation Council

(Continued from Page One)

With a system of air bases such as the Council visualizes, airborne traffic could be cleared as expeditiously as private cars are at the present time.

In the state of Washington at Orville there is ample space for both an airport and seaplane base which would make it possible for the customs to clear aircraft without additional personnel or travel. Land planes could actually taxi within 100 feet of both custom houses, and seaplane landings on Lake Osoyoos would be less than a quarter of a mile from the port of entry, the council claims.

Library Books To Be Purchased By Flower Club

Members of the Vernon and District Horticultural Society were informed at their general meeting last night, Wednesday, held in the Elementary School library, of the planned purchase of library books to the value of \$50 for the use of the club members.

Mrs. H. L. Webster has been charged with the task of selecting the books most likely to satisfy the members' thirst for gardening knowledge. The books are being purchased as the nucleus of a library which will eventually cover a varied field of horticultural topics.

The subject of weed control was brought up and Mrs. A. E. Mitchell, club secretary, was instructed to bring the weed problem to the attention of the City Council so that measures to combat them would be taken jointly with that body.

A meeting will be held later this month to elect a complete new slate of officers for the club. Eric H. Olmsted presided at the meeting.

Begin Staking Power Line for Sicomous Area

SICAMOUS, Oct. 4—A work crew of the B.C. Power Commission began staking pole sites for a power line which is to be extended to Solsqua and Malakwa. A crew of 10 men is expected to begin putting in the poles and stringing wire in the near future.

The Sicomous Women's Sewing Club held its first meeting of the season at the home of Mrs. A. D. Green on Wednesday evening of last week. The next "get-together" is scheduled for Wednesday at the home of Mrs. K. R. Finlayson.

Mrs. Omer Jones, Mrs. A. Beavo and Mrs. Donald Johnstone, Revelstoke were the guests of Mrs. Charlie Haggett on Saturday.

Mr. and Mrs. Charlie Haggett left on Tuesday to holiday in Three Forks.

Mrs. J. Taylor, who has been the guest of Mr. and Mrs. S. D. Finlayson, journeyed to Okanagan Landing on Wednesday, where she visited friends.

Mr. and Mrs. S. D. Finlayson, accompanied by Mrs. Ralph Wright, Mrs. Elmo Mackie, Mrs. James Macdonald and Marion Macdonald, motored to Canoe Wednesday evening of last week where they visited Mr. and Mrs. Bill Perry, former residents of Sicomous.

Mrs. Lloyd Bannison and son, Graham, travelled to Kamloops on Tuesday.

Mr. and Mrs. Ned Jackson spent a few days in Rutland as guests of Mr. and Mrs. R. E. White.

Bill Bailey, Captain E. Thompson, Mrs. Vera Sutton and daughter, Diane, who have closed their resort lodge for the winter months left Sicomous for Vancouver on Monday. They were accompanied by Miss Marcelle Alexander who will continue her hitch-hiking trip around the world.

Mr. Ralph Wright, of Kamloops visited friends in Sicomous on Thursday and Friday.

Mr. and Mrs. A. Danielson left on Wednesday of last week for the coast. Mr. Danielson, who is a fireman on the C.P.R., expects to be employed near Vancouver.

Sicomous residents who were visitors in Salmon Arm on Saturday included: Mr. and Mrs. G. B. Treat and family, Mr. and Mrs. Williamson and family, A. Nordin, Mrs. James Macdonald and Marion, Mr. and Mrs. T. Aik and son, Gordon; Mrs. "Bud" Sherlock, John Foll and Mrs. Silla.

Ted Peters, of Vancouver, drove to Sicomous Friday night, to try his luck when the grouse season opened on Saturday.

J. Becker returned from Arm-

strong Thursday evening of last week, where he spent part of his holiday. He left Friday morning for Vancouver.

Miss Audrey May Kelley, of Field, a nurse in the Royal Inland Hospital at Kamloops, visited Miss Shirley Norwood on Friday of last week. The two young women returned to Kamloops that same evening. Miss Norwood, who also trained as a nurse in the Royal Inland Hospital, has accepted a position as a Public Health Nurse in Kamloops.

Railway operating expenses revenues registered an all time high in 1948. While operating expenses went from \$83,045,272 to \$798,474,125, an increase of 10.3 per cent, revenue increases amounted to \$866,548,950, a rise of only 11.6 per cent.

Westbank Water

Project Hits
Temporary Snag

KELOWNA.—Due to adverse weather conditions experienced last winter, completion of the storage dam on the Westbank irrigation project has not progressed as far as expected, and work may not be finished until next spring. Word to this effect was received this week from O. L. Jones, M.F. Yale, following an interview in Ottawa with the acting general superintendent, farmers' division, and the deputy minister of veterans' affairs. At the same time officials revealed that the cost per acre to full-time farmers will be approximately \$105 and \$160 per acre for small holders.

The Westbank irrigation project is being opened for ex-servicemen who desire to go in for full-time, or part-time farming. According to Mr. Jones, the availability of this project for the spring of 1950 is dependent upon the contractor's progress in the construction of the Rose Valley dam.

During recent weeks, scores of local veterans have been taken over the Westbank property.

Allocation of the farming plots may be made within the next few weeks. Many ex-servicemen, interested in taking up farming on a large scale, have been "qualifying" themselves during the past 12 months by working on various farms throughout the district.

The Westbank district is particularly suited for growing tomatoes, peaches and apricots.

At the same time officials stated the Cawston Bench irrigation project may also be delayed a few months. The land is expected to be ready for veterans by the summer of 1950. Several snags have also been encountered in the completion of the Pentiction West Bench project.

Okanagan Landing
News Items

OKANAGAN LANDING, Oct. 4.—Visitors at the home of Mr. and Mrs. J. B. Woods last week were Miss A. Taylor, late of Regina, now of Vancouver; Mr. Woods' niece, Miss Kathleen Vanetta, of Abbotsford, and Miss Olive Lister, of Wallachin.

Mr. and Mrs. Harry Miller are on a month's trip, visiting relatives in Nova Scotia.

Mrs. L. Campbell-Brown, Sr., returned to her home here on Saturday, after three weeks' absence in Vancouver and Victoria.

The Okanagan Landing Women's Auxiliary to the Hospital is making plans for a bazaar, to be held in the Community Hall on Saturday, November 26.

Mrs. P. W. Welch is holidaying in Vancouver and Victoria.

Mrs. J. C. Child, of West Vancouver, is spending this week at the Sutherland Arms, and visiting old friends around the "Landing."

Donald Howard, of Newton, has been visiting Mr. and Mrs. A. W. Lewington.

Mrs. Lillian Assmussen, of Vancouver, is visiting her parents, Mr. and Mrs. J. T. Van Antwerp, for two weeks.

Only two-thirds of the people of the world are enumerated by census.

Salmon Move to Spawning
Areas Up Shuswap River

ENDERBY, Oct. 3.—During the past week, the salmon have proceeded to their spawning grounds from the pools of the Shuswap River in the vicinity of Enderby, and are now in good numbers in the Hupe, area. E. J. Chantler, a resident of Hupe, caught five beauties on Sunday, ranging in weight from 18 to 23 pounds. They were caught with a light line and tackle. Mr. Chantler and party anchored a light row boat in midstream just above some rapidly flowing water. Motorists to and from Mabel Lake were much intrigued by the process of landing the fish. Local Indians have moved their camps to the Hupe district, and are drying and smoking large catches along the river bank.

The re-organization meeting of District 21, Teachers' Local, was held in Enderby School September 29. There were 33 teachers present from Armstrong, Enderby, Grindrod, Mara and Springbend schools.

Newly elected officers are: A. C. Slapak, president; F. E. Cummings, vice-president; Miss Marjorie Mann, secretary-treasurer. The main item of business was consideration of District Number 21 withdrawing from the North Okanagan Teachers' Association, to form its own local organization to deal directly with the Okanagan Valley Teachers' Association. The latter group will be asked to approve this action.

At the conclusion of the meeting, refreshments were served by the High School Journalism Club.

Mrs. A. Thomas was a business visitor to Vernon on Saturday.

Jack Smith, manager of the local branch of the Armstrong Sawmills, visited friends in Kelowna on Saturday.

Mr. and Mrs. Percy Farmer motored to Mabel Lake on Sunday to holiday at their summer camp and to visit Mrs. Farmer's brother-in-law and sister, Mr. and Mrs. Ralph Stevenson, at Dolly Varden Beach.

Miss Violet Bush, who has been the guest of her brother at Trill, arrived in Enderby last weekend to visit with her parents, Mr. and Mrs. A. Bush. She left later in the day for Revelstoke, where she is now holidaying with friends.

Mr. and Mrs. J. Eastwood are guests of Mr. and Mrs. Percy Farmer for two weeks, both at Enderby and Mabel Lake. Mrs. Eastwood is a cousin of Mr. Farmer. She is well known by old timers in the district, having served as Red Cross nurse in the Malakwa area in 1919 and 1920. In those days she made her visits either on horseback or by horse and buggy, and her experiences included many hardships.

One of a family of 17, Mrs. Eastwood received her nursing training in England, and learned to speak five languages fluently. Before coming to Canada she studied

Surviving are two daughters, one in Westbank—Mrs. K. Iwasaki—and one in Japan. His wife predeceased him here 22 years ago, eight years after Mr. and Mrs. Marakami moved to this district.

Fall from Truck Is
Fatal for Farm Hand

KELOWNA.—A 62-year-old laborer died in Kelowna General Hospital Monday, nine days after his neck was fractured in a fall from a truck.

An inquiry will probably be held by Deputy Coroner J. A. Urquhart into the death of Mitsura Murakami. The accident occurred at the farm of his employer, Albert Tellman, Mission Creek district.

Funeral services were held from the Buddhist Temple on Wednesday, followed by interment in Kelowna cemetery.

Surviving are two daughters, one in Westbank—Mrs. K. Iwasaki—and one in Japan. His wife predeceased him here 22 years ago, eight years after Mr. and Mrs. Marakami moved to this district.

Gorgeous Chorus Girls for Barbara Ann Scott Show

These 14 beautiful Canadian girls will be the centre of much admiration on the evenings of Friday and Saturday, October 28 and 29, when "Skating Sensations of 1950" appears at the arena, under sponsorship of the Rotary Club of Vernon. These girls form a background for the show's star, Barbara

Ann Scott. From left to right, the girls are: Shirley Nutter, Jane Porter, Muriel Nolley, Helen Jean Fotheringham, Nancee Wilton, Jean de Witt, Rosemary Desbriay, Joan de Witt, Sibby Tate, Eleanor Smith, Joan Stevens, Catheryn Ryan, Betty Shand and Lee Quigley.

W. McMullen Passes At Coast

A large number of Vernon residents will learn, with regret, of the death of Willis Herbert McMullen, 52, which occurred in the Vancouver General Hospital on Saturday.

Mr. McMullen was born in Vernon, and resided here many years during his lifetime, leaving this city about 1946.

He was perhaps best known through his sports activities, being trainer for the local hockey and lacrosse teams at one time. Mr. McMullen was also a lightweight boxer, and held several championships during his service in the army.

An apologist, Mr. McMullen had another circle of friends, among those who follow this type of activity. He was a veteran of World War One, serving in France for four years with the 47th Battalion. The funeral services, held yesterday afternoon, Wednesday, were held in Vancouver under the auspices of the Canadian Legion. Rev. H. Watts officiated, and interment was in the Field of Honor, Mountain View Cemetery.

Besides his widow, Mr. McMullen is survived by five children; two sons, Raymond, of Calgary; Frank, of Vancouver; and three daughters, Mrs. H. W. Young, Camp Borden, Ont.; Mrs. D. B. Carroll, Toronto; Shirley, at home; two sisters and two brothers in B.C., and three grandchildren.

Barbara Ann Scott Skating Show Best Ever in Canada

The Barbara Ann Scott show, "Skating Sensations of 1950," to be presented in the Vernon Civic Arena on Friday and Saturday, October 28 and 29, evening performances only, has been hailed as one of the most lavish entertainment features ever presented in Canada. The show was in rehearsal at Simcoe, Ont., and in Ottawa for nearly two months and was launched on a 10,000-mile Canadian tour on Monday at Winnipeg.

The Rotary Club of Vernon will sponsor the local appearance. "Skating Sensations" was organized to provide background for Canada's Queen of the Ice Lanes, Barbara Ann Scott, famous Olympic champion, who previously has appeared only in club carnivals or other small entertainments in Canada.

Barbara Ann was a smash hit in her professional debut at New York, Chicago and Los Angeles. In addition to signing 20 gorgeous chorus girls to support Barbara Ann, director Osborne Colson has secured some of the finest dramatic and comedy acts available, plus beautiful costumes and the latest in electrical effects.

Barbara Ann makes five appearances during the two-hour show and while she, of course, is the main attraction, some of the other features will make spectators stand up and cheer. The grand finale takes the form of a spectacular Western scene with the glamor girls in a whirlwind routine and Barbara Ann as an Indian princess. Other headliners in the big Canadian production include: Johnny Melendez and Eddie Brandt, the famous "house painters"; Harriet Kennedy, the "blonde bombshell"; Johnny Fitzgerald, U.S. champion still-skater; Dick Nutter, Canada's ace comedian; and Rudy Hanson, of Toronto, master of ceremonies.

Tickets are obtainable from any Rotarian.

Fire Protection Available For Residents of Rutland

—Board of Trade Secures Fire Engine

RUTLAND, October 3.—Rutland now has a fire engine of its own, thanks to the efforts of the Rutland Board of Trade.

The Kelowna Fire Brigade's truck No. 2 is now located in the Rutland Welding Shop, temporarily, until the new fire hall is constructed. The total cost of the machine is \$1,600, and about \$1,000 has been raised and paid. The balance has to be raised by December 31.

In addition, the truck will have a larger tank built on it by Mike Kunstar. The tank will have a capacity of 400 gallons. An additional \$900 will be required for this and a fire hall.

The fire hall is to be constructed on B.C.F.G.A. property opposite Bob White's Service, on a temporary lease. The hall will eventually be moved to the Board of Trade's lot on the subdivision across from Scott's, when power is available there, and proper roads have been constructed. The fire hall will have room for two vehicles, the plan being to obtain, eventually, a second tank, on a trailer, that can be hauled to a fire as a supplementary water supply, by any truck or car available in the emergency.

The Board of Trade will continue to canvass the district each week, teams of three or more volunteering to tour various sections of the district with the fire truck and canvass the residents.

Fire Chief Tom Hughes and two assistants worked the main Black Mountain Road on Wednesday of last week and raised about \$100.

The sound of the siren in the neighborhood will be a signal to residents that the Board of Trade collectors are around, and a signal to get out their cheque books and help to complete payment for this very necessary fire protection.

The Rutland Parent-Teachers' Association is going to lend its support to two worthwhile causes in the coming season, according to decisions made at a recent meeting of the P.T.A. executive. These are the school band and the library. A canvass of the district in aid of the band is in progress by pupils now, and a drive will be made later for books for the school library. A general meeting and social evening has been planned for October 24.

Walter Mallach, one of Rutland's Adanah baseball team, walked down the middle aisle on Friday, his bride being Rose Marie Lee, daughter of Mr. and Mrs. W. J. Lee, of Rutland. The ceremony took place at St. Aidan's Anglican Church, Rev. P. D. Wynn officiating.

John Yamabe, formerly of Winnipeg, Man., and a brother of W. M. Yamabe, of Rutland, has arrived here and will take up employment.

Miss Lydia Zellball, left last week to resume employment in Vancouver after spending her holidays visiting her parents.

W.I. News from Oyama
OYAMA, Oct. 3.—The Kalamalka Women's Institute sponsored a collection for the Canadian National Institute for the Blind on Saturday, with Mrs. T. D. Shaw, McEwen, as convener. They report donations totalling \$45.05.

Dr. Leta Hirschmanova will speak to the Women's Institute at Okanagan Centre on the afternoon of October 20. The Kalamalka W. I. hopes that the Oyama members will give their support.

Men's City Hoop League Operate This Season

—More Players Needed for Women's League

Over 30 basketball players who will make up the Vernon men's league to provide hoop action in the Vernon Scout Hall Thursday and Friday nights attended the 1949-50 initial practice Sunday night of last week. Many of the players at the workout were High School students, although more than 16 seniors and eight juniors were on hand.

Practice for the senior men's teams will be held to Thursday, at 9 o'clock in the Hall where the players will be seen for the two senior teams who, along with one High School team, will comprise the City Basketball League. The women's basketball in Vernon is a circuit with other Valley teams.

During the practice last Thursday, meeting was held with new president Vince Murray. He outlined the program for the coming season, stating that basketball in Vernon will be on Thursday and Friday nights.

Announced, a men's city league organized comprising two teams and a High School team. The clubs will compete in a schedule during the season, which may be posted to be the winning team.

The two senior quintettes, president Murray, an all-star player, will be selected to represent the Interior Senior B Basketball League is Andy Benline, of Penticton, and secretary is Jack Hooper, also of Penticton.

CHICAGO—Big Ten track and field contestants have won four meets in a row over the Pacific Coast conference in nine years of league competition.

Hockey Opens Here on Tuesday Night

Five Newcomers Aided by Locals To Carry Vernon Canadian Colors

Seattle Hockey Boss "Well Satisfied" With Camp Here

Prior to leaving for Spokane on Sunday, where his team began exhibition series with the Spokane Flyers, Frank Dotten, owner-manager of the Seattle Ironmen, expressed himself as completely satisfied with training camp facilities in Vernon.

Stating that if the Coast League clubs trained in the Valley next year he wanted to return to Vernon, Mr. Dotten put the boots to several unfounded reports that facilities were unsatisfactory. Dave Downie, club coach, and the Seattle players all said the Vernon camp was ideal.

Attendance at the exhibition games played here by the Ironmen, Vancouver Canucks and New Westminster Royals was disappointing but the sparse

crowds that witnessed the two concluding games perhaps were caused by the poor first game when the better conditioned Seattle club trounced Babe Pratt's Royals, who had had little training.

The Vernon Civic Arena received bouquets from players, officials and visitors alike when all said the ice sheet was first rate at all times.

Prior to the club pulling out of Vernon, the Seattle boss was host at a fish derby at Albert Moser's Pillar Lake camp Saturday. Defenceman Jack Thompson won the \$50 prize with a three-pound beauty. Taking part in the derby besides team officials and players were: Frank Becker, Reg. Reader, John McCulloch and Bob Ley.

Dave McKay

Rugged defenceman, who will be the mainstay on the Vernon blue line on Tuesday night when the Harney crew clashes with the Kamloops Elks in the season's opening game of the Mainline-Okanagan Senior Hockey League in the Vernon Arena.

Vernon sport fans will have to wait until Tuesday night and even later to see who will finally carry Vernon Canadian colors in the 1949-50 Mainline-Okanagan and Coast Senior Hockey League which begins a 50-game schedule Saturday night. The Kelowna Packers travel north to clash with the Kamloops Elks. Tuesday night the Elks visit Vernon.

The Mainline league, which now includes teams from Kerrisdale and Nanaimo, has definitely taken the step into senior A company and competition for the Allan Cup. Whether or not this action will improve the calibre of hockey played in the Okanagan is yet to be seen, and whether or not the fans will support the senior league is a second question that only time can answer.

One thing is certain. Kerrisdale and Nanaimo will provide new and strange faces, while the Valley teams will have to reach further in search of talented puck stars.

The final schedule for the coming season has not been drawn up, but a meeting of the committee is slated for today, Thursday, when all playing dates will be worked out in order to finalize the schedule.

All three Okanagan clubs have been working out regularly and should be rolling in high gear before much of the league is past history. Both Kelowna Packers and Kamloops Elks have brought in players to fill weak spots from last year's aggregation and undoubtedly will present considerably different lineups when hostilities begin in earnest.

What About Vernon? But, what of the Vernon Canadians? Rallbirds who have attended the almost daily practices of the Harney crew are wondering: Are we getting any more newcomers or is the club going to be made up mostly from local players?

Said coach Laurel Harney: "The local players are shaping up well and when the new players arrive, we should have a fast, young, but experienced hockey club."

COMING!

Maurice (The Rocket) Richard still manages to capture the imagination of hockey fans everywhere. The dark-haired right-winger is with Les Canadiens.

1949-50 Pin Season May Be Best Ever

A 14-team men's bowling league will roll into action tonight, Thursday, at the Del Mar Bowling Alley, scoring the first "strike" on what promises to be one of the best pin-smashing campaigns in many years. The Mixed Commercial League, which got under way on Monday, comprises 12 squads while the women's loop will begin the season with 10 teams and possibly 12.

Schedules in all the leagues have not been drawn up yet as the exact number of teams which will compete in the various leagues of the Vernon Five Pin Association has not definitely been established. Schedules of all leagues will appear in The Vernon News as a reference for all bowlers as soon as they have been announced by the Five Pin Association executive.

Bob Lawson, a member of the Association since it was formed several seasons ago, was elected president at the bowling windup banquet last year.

Winners of the Del Mar Bowling Alley awards for the men and woman bowlers topping the pins for the highest scores during September went to Helen Krilow, with 267 and Vic Skulsky with a score of 340. The prize was \$5 each.

FISHING REPORTS

Information for this column is provided by the Vial and Field Sports Centre.

Kalamalka Lake—Slow.

Okanagan Lake—Generally fair, although a 19-pounder was hooked last week.

Mabel Lake—Good at north end. Dolly Vardens caught on wobbler.

Sugar Lake—Good with Willow Leaf.

Echo Lake—Good, fish up to nine pounds being hooked using Willow Leaf.

Nicklin or Hallam Lake—Good. Limit catch using Willow Leaf and Bear Valley spoon.

Woods Lake—Fair. Reports of Kokanee catches using Diamond Drill.

Shuswap River—Good, from Hupel to Mabel Lake.

Oyama Lake—Good, fly fishing and trolling with small plugs.

Mara Lake—Slow.

Six Vernon Canadians Take Part in Kelowna Puck Benefit Tonight

KELOWNA.—Hockey "preview night" is tonight, Thursday. That's the good word Kelowna and district puck fans have been waiting for.

Hockey "preview night"—so called by Kelowna Athletic Round Table—will bring together the Kelowna Packers and a combined team of Vernon Canadians and Kamloops Elks.

Tonight's look-see at the Okanagan-Mainline brand of hockey this year is a fulfillment of a promise made by the Kelowna Senior Hockey Club a few weeks ago during the KART drive for funds.

All proceeds of the game will go to KART to assist the body's aim of fostering and promoting sport and helping the kids who can't help themselves.

Laurel Harney said on Tuesday that Stan Mills, Tony Hauck, George Keryluke, Bert Elliott, John Loudon and Lloyd Smith would be the Canadians taking part in the game.

Edmonton Mercuries Prepare for World Hockey Championship

The 1948-49 Western Canada Intermediate hockey champion, Edmonton Mercuries, began practicing Saturday in preparation for their jaunt to England December 30, when they will compete for the world amateur hockey championship, currently held by Czechoslovakia.

Coach Jimmy Graham expects to have his team in top shape for the gruelling struggle for the highly coveted amateur award. He is reported pleased with the calibre of players turning out for the squad. Many of last year's championship club have returned and a number of promising juniors are available to bolster the team if need be.

The Edmonton representatives took the Western Canada crown last year by disposing of the Manville Millionaires in a final series at Vernon and Kelowna. Edmonton earlier defeated Nanaimo Clippers, Coy Cup champs.

Flyers Come from Behind To Tie Seattle Ironmen

The Spokane Flyers scored two goals in the final period to gain a 3-3 tie with the P.O.H.L.'s Seattle Ironmen in an exhibition hockey game Sunday night.

The Flyers, defending champions in the Western International League, trailed throughout the contest.

Vernon Cribbage League Meeting Tomorrow Night

Following the usual summer recess, the Vernon Cribbage League is again organizing for the 1949-50 season's play.

A meeting of the captains of the teams is scheduled for the Club Room of the Vernon Fire Department tomorrow night, Friday, commencing at 8 o'clock. Details of league affairs will be discussed and arrangements will be made for the season.

HIGH POINT, N.C.—Best early season record of a minor league team was set by the High Point-Thomsonville club in North Carolina State circuit with 29 won, 3 lost.

Farmer Has Key to Good Hunting

With the hunting season just getting into full swing the B.C. Fish and Game Council has seen fit to remind all of the province's hunters that the key to good hunting can be found in the pocket of the farmer.

Despite the fact that wild game belongs to the state, control of most of its habitat is vested in the owner of land. With this in mind, one can easily see that as the farmer goes, so goes the hunter. If the farmer is "happy" about the way he is being treated he will likely reciprocate by opening his gates to the hunter.

Hunters who fail to take the trouble to get the farmer's permission before entering his fields are often shooed off with very little ceremony. The farmer knows his rights and "no hunting" signs soon appear on the boundaries of his land.

The B.C. Fish and Game Council assures us that "The farmer is generally a sociable fellow, who likes courteous and friendly company." "Big time operators" from the city who

assume that the country was made for hunting and half resent the presence of the farmer are given a cool reception indeed.

In order to bring the farmer and hunter into closer harmony which will benefit both parties, the B.C. Fish and Game Council advocates that hunters put on their Sunday best and proceed to learn the ten commandments of country courtesy.

First of all, the hunter should drive in the farmer's yard and ask permission to hunt.

He will likely designate certain areas of his land for hunting. Hunting may be exceptionally good in the neighborhood of his chicken house but he tends to be touchy about such matters.

Hunters often find it necessary to negotiate the farmer's fences. The hunter should use gates if possible and if that is impossible, he should climb over the fence by a fence-post where he is less likely to cause damage.

Then there is the common-sense rule never to shoot near houses, barns or livestock.

Ripened apples do look appetizing about now, but don't take any. Offer to buy some from the farmer. He'll probably soften and give you some anyway.

You may imagine that there will be good hunting in a field of standing grain but it is really unfair to the farmer to trample his grain thus increasing the difficulty of cutting it. Don't walk on seeded ground either. Also be sure to skirt fields where people are working. They may not be as sure of your facility with a gun as you are.

On the positive side of the ledger you might take time out to shoot crows and predators that do damage to his crops and livestock.

If you have too much game, offer some of it to the farmer. He will appreciate your gesture and you will have guaranteed hunting for as long as you want.

All of these are simple little rules of common courtesy that any sportsman can practice to the benefit and pleasure of all concerned. They really lead to the key to better hunting.

Angry Grizzly Meets Death at Window of Car

Every hunter, at one time or another, comes across a thrilling experience that thrives in his memory forever and becomes his "own patent tale," destined to capture the interest of story lovers, young or old.

For Joe Mahalik, of Vernon, the "once in a lifetime" episode took place in Squaw Valley on Thursday morning of last week.

While travelling along mind-boggling his own business, which is logging, the unsuspecting Mr. Mahalik almost bumped into a massive grizzly bear.

The monster animal, weighing over 400 pounds, was scared and torn from a duel with a brother grizzly. He galloped right up to Mr. Mahalik's car, only to find he had run smack into the muzzle of a cocked Mauser rifle. Nonchalantly, so the story goes, Mr. Mahalik fired. The bullet went true to the mark, entering the grizzly's chest, coming out through his back and dropping him for the final count.

Proud as a fighter who had just won a championship, Mr. Mahalik left his victim on the ground, and continued along his way.

The highest pitching percentage of the major league pitchers who won more than 300 games was posted by Robert (Lefty) Grove—680.

Women's "keep fit" activities will begin the 1949-50 season in the Vernon Elementary School library tomorrow, Friday, at 8 p.m. The group program will follow along similar lines as the junior girls' agenda, but more exercises will be included.

The Vernon Pro-Rec classes are provided for the public under the sponsorship of the Provincial Recreational Department at Victoria, in conjunction with the National Fitness Program. Jim Pantone, of Kelowna, is Pro-Rec Supervisor for the North Okanagan. Instructress in Vernon is Mrs. C. J. McDowell.

- **Greater Strength—Less Weight**
 High carbon steel, combining extraordinary strength and toughness with moderate weight, is used for the frame. Beams, axles, collar shanks and standards are scientifically heat treated to give extra strength where it is needed. The beams are braced for further support, preventing twisting or sagging which would throw the bottoms out of line.
- **Positive Power-Lift**
 The improved clutch is strong, simple and positive in action. When it is tripped by a slight tug on the control rope, one half turn of the land wheel raises or lowers the bottoms. A new part of the clutch mechanism, a rotating dog, engages the clutch and land wheel bushing when the bottoms are being lowered, preventing them from dropping into the ground faster than the wheels are moving.

Promising Welters Shine in Classy Local Boxing Card

Welterweights Ralph Shore, of Vernon, and Andy Arnott, of Kelowna, provided the hard-hitting feature of a seven bout boxing card, sponsored by the Vernon Recreation Centre at the Scout Hall on Saturday night, and witnessed by 150 fans.

The bouts provided the first boxing event in Vernon for many a moon and left a feeling that more cards would be a welcome addition to the local sports menu.

Although Shore and Arnott supplied the biggest thrills, scrappers on the other six events gained their share of the laurels. These were all no decision exhibition contests.

Firing rapier like punches, Shore gained a unanimous decision over former Golden Gloves ace, Arnott. Shore made a very impressive beginning through his first fight in interclub competition. He had Arnott on the canvas with a flurry of rights and lefts as the first round ended. The bell saved the badly shaken Arnott from a count.

Arnott came back fiercely in the second round and in a toe to toe exchange Shore slipped to one knee. He was up in a flash for no count. Shore held on for a few seconds then piled into Arnott. After a particularly furious exchange Arnott stood momentarily a dazed look on his face, then dropped to the canvas for an eight count.

Arnott weathered the storm but was down again in the third and final round from a series of lefts and rights. Both fighters finished out the round absolutely beat and barely able to lift their arms.

Pretty Easy
 Another crowd pleasing bout brought together 135 pounders Johnny Fleming of Vernon and Keith McLeod of Kelowna. Fleming took advantage of a longer reach and greater boxing finesse to be in command at all times. Fleming just pulled in his neck and McLeod missed. It looked as easy as that.

A three round "go" between Vernon brothers Murray and George Cloughton pleased the crowd. The boys also showed pleasure in being able to pound each other without parents to restrain them. The fiery little 98 pounders put on quite a display with the older Murray using a longer reach to keep his weaving and bobbing opponent at bay. He was clearly the winner but since the bout was only an exhibition contest no decision was brought down by the judges.

Two Vernon 150 pounders, Jack Gould and Don McDonald put on a lively fight with Gould outboxing his heavier shouldered opponent. McDonald appeared wary of his faster punching adversary and preferred to keep out of range during much of the contest.

Lean, Hungry
 Two Kelowna 135 pounders met in the semi windup bout, Stan Tepida, looking lean and hungry, having it all over bicycling Pete Teroskitch. Tepida was constantly on the offensive and appeared a confident and competent young fighter as he forced his foe to cover up again and again.

The opening bout of the night brought two 138 pound newcomers to the ring together. Vernon's Harold Thorlakson and Kelowna's Nick Marken showed that they have picked up a great deal since they took up the game a short while ago.

The gentle art of clinching was shown to advantage in the bout between Kelowna's Kaname Uraki and Vernon's Henry Yawning. Clinch followed attack like clockwork and neither fighter was able to mount a successful offensive.

Game Council Warns of Three Shell Regulations

Now that the game regulations are amended to permit the carrying of three shells in pump guns, sportsmen who have taken advantage of this and altered their guns accordingly are warned by the B.C. Fish and Game Council president, Harvey Sedgwick, to beware of that third shell. Pump your gun several times before entering a car or placing your gun when you think it is empty.

BROOKLYN—Leo Durocher once used 380 pitchers in 157 games.

Rutland Adanacs Win Final Ball Game of Season by Ten Runs

RUTLAND, Oct. 3.—The final baseball game of the season was held on the local diamond on Sunday afternoon. The Adanacs played a team known as the North Okanagan All Stars, comprised of players from a league operating in the north end of the Valley, from Armstrong, Enderby, Grindrod, Sicamous and other Mainline points.

Adanacs Won 16-6
 The game started out with Rutland getting a homer in the first inning, Maurice Truitt smashing a long hit, with no one on bases.

A heavy rain stopped the game at this point, and half an hour elapsed before things got going again.

A couple of innings of good ball followed, the Adanacs adding another run in the third, while Hank Wostradowski held the visitors scoreless.

The All Stars then changed their battery, taking out Bush and Winters, and putting in Hoole and Shikora, in the last of the fourth.

The Adanacs pounced on Hoole and drove him from the box after piling up half a dozen runs, with none away. Isenor then took over mound duties, but fared no better. Before the wild inning was over, every Adanac batter had come up twice, and 13 runs had come over the plate.

After that, the game settled down to better ball, both sides going scoreless until the eighth, when the All Stars broke into the scoring column, Melin tripling to score two runs ahead of him, and coming in for a third counter on a throw to second.

They added three more in the ninth, Beebe getting a double, and a couple of errors letting in the other runs.

All the runs were off pitcher Paul Bach who took over from Hank Wostradowski in the fifth. The rainy interlude, and a late start had made the game run on into semi-twilight, and with a wet and dirty ball the fielding let him down somewhat.

Following is the score by innings:

R. H. E.
 All Stars 000 000 033—6 6 5
 Adanacs..... 101 13 10 008—16 10 3

Rhythmic Exercises, Tap, Folk Dancing At Women's Pro-Rec

Stressing rhythmic exercises, tap and English folk dancing, the first Pro-Rec classes of the season will be held in the United Church gymnasium for junior girls today, Thursday, at 3:30 p.m. Girls 14 years and under are invited to enroll in the classes.

The Vernon Pro-Rec classes are provided for the public under the sponsorship of the Provincial Recreational Department at Victoria, in conjunction with the National Fitness Program. Jim Pantone, of Kelowna, is Pro-Rec Supervisor for the North Okanagan. Instructress in Vernon is Mrs. C. J. McDowell.

WASHINGTON.—About 17 million persons annually use firearms for sports in the U.S.

You Save Money with the
DODGE
 L-Head Engine...
A PART OF DODGE DEPENDABILITY

YOU SAVE MONEY every mile you drive with the Dodge simple-design L-Head engine. There are fewer moving parts to wear. Oil filter, floating oil intake, and air cleaners keep carbon and dirt from moving parts to reduce wear. Such "extra" features as four rings per piston, full length water jackets, lightweight alloy pistons and alloy exhaust valve seat inserts, result in savings on gas, oil, and repairs.

Other leading features of the economical Dodge engine are explained on the right. But in many other ways Dodge gives you more for your money.

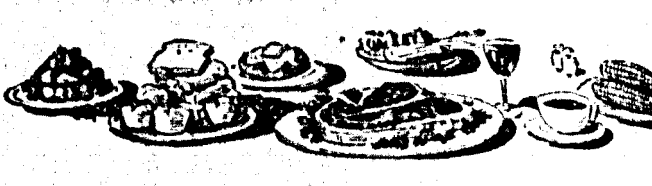

You could pay much more, and still not get all of Dodge roominess, beauty and ruggedness. Test for yourself the generous head, leg, and elbow room. Compare the "outlook" through the high, wide windshield. Note how easy it is to get in and out. Try out the new Dodge on the road and discover for yourself its flashing performance, driving ease, safety, and riding smoothness.

No matter which way you look at it, your dollars will go further with Dodge... and so will you.

CHECK THESE "EXTRA" FEATURES WHICH ARE STANDARD EQUIPMENT ON THE NEW DODGE. Automatic electric choke; Automatic ignition key starting; Aluminum alloy pistons; Four rings per piston; Low pressure direct chain camshaft drive; Oil bath air cleaner; Oil filter; Floating oil intake; Hotchkiss drive; Safety-tilt wheels; Floating Power engine mounting; Chair-height seats; Full-width defroster vents.

READ THE CLASSIFIED AD COLUMNS OF THE NEWS... YOU'LL FIND BARGAINS GALORE

1 L-HEAD OPERATION is quieter, as all moving parts are inside the block. Fewer parts to wear or work loose assure longer life. Simple construction allows easy maintenance.

2 FLOATING POWER is the name given to the scientific Dodge method of mounting the engine on the chassis so that engine vibration is not transmitted to the body. Results in smooth, quiet operation and long car life.

3 OIL BATH AIR CLEANER filters the air before it enters the carburetor. By keeping dust out of the engine, it cuts down repairs and lengthens engine life.

4 OIL FILTER of micronic type, filters even the smallest particles of carbon or dirt out of the oil and so reduces wear on bearings and cylinder walls for long, trouble-free engine life.

5 WEATHERPROOF IGNITION SYSTEM gives maximum protection against water and dirt for dependable all-weather operation. Distributor has a new splash-proof cap. Centre distributor brush has a 10,000 ohm carbon suppressor which allows a wider spark gap setting for better idling and low-speed performance.

6 AUTOMATIC CHOKE. The choke enriches the mixture by automatically reducing the proportion of air drawn through the carburetor during warm-up, to provide easy starting under all weather conditions. Saves fuel by preventing too rich an operating mixture.

7 FLUID DRIVE on Custom Dodge models lets you drive, relaxed, in high gear most of the time. It is particularly effective on wet pavement, ice or mud, allowing smooth transfer of power without stalling. The Custom Dodge is still the lowest-priced car in Canada, with Fluid Drive as standard equipment.

Postal Employees Official in City

When Fred Whitehouse, Dominion secretary-treasurer of the Canadian Postal Employees' Association, was in Vernon on Saturday, he addressed the Post Office staff of letter carriers and office workers in the letter carrier's room, following a buffet supper. Harold Wadsworth was chairman.

Mr. Whitehouse spoke on the large territory he covers, which takes him from Newfoundland to Victoria. Mr. Whitehouse left on Sunday noon to visit Kelowna en route to Ottawa.

Grindrod Badminton Officials Elected

GRINDROD, Oct. 3.—Donald McEwen was elected president of the Grindrod Badminton Club at an organizational meeting held recently. Peter Ward is vice-president and Joan Halksworth is secretary. League play commenced Sunday evening.

S. R. Stinson returned recently from Steveston, where he has been employed the past few weeks.

Mrs. H. M. Wells and son, Donald, accompanied by Mary Woods, left Wednesday of last week to spend a week in Vancouver visiting relatives.

R. Hutchinson, of Bishopric, B.C., is spending a few days with Mr. and Mrs. F. Hipp.

Visitors at the home of Mr. and Mrs. E. B. Sanborn Saturday were Mr. and Mrs. James and family, of Kamloops; Mr. and Mrs. Coson and family, of Kelowna; Beth Maxwell, of Salmon Arm, and Rev. and Mrs. Stewart Crysdale, of Kelowna. Mrs. A. Halksworth was a visitor to Vernon Saturday.

Goaltenders Shine as Pro Clubs End Exhibition Tilts

Fans who neglected to see the Seattle Ironmen take the measure of the Vancouver Canucks 3-1 at the Vernon Civic Arena Friday night missed a display of goaltending prowess seldom equalled in the Okanagan. A slim crowd of about 350 saw the contest.

The game was the third and final appearance of the Pacific Coast professionals on Vernon ice. In earlier games the Ironmen swept to an 8-2 victory over the New Westminster Royals and slaughtered the under-conditioned Canucks, 11-5.

Vancouver Canucks scored their only goal early in the second session but Seattle's Ironmen came back to tally two goals later in the period and supply the clincher in the dying moments of the game.

Goaltenders Ron Pickell, of Seattle, and Bud Lamarche, of Vancouver, must have been keeping to their carrot diet. They picked off everything that came their way for the first 25 minutes of the contest and didn't stand a chance on the four goals which escaped them later in the game.

Vancouver's Len Mutcherson opened the scoring at 5:20 of the second period when he finished off a picture three-way passing play with coach Bill Carse and "Whimpy" Jones to give quick hand Ron Pickell in the Seattle net no chance.

Seattle started to click at the half way mark of the period with speedy Rudy Filion and defence-man Willie Schmidt scoring within a minute of each other to give Seattle a lead they never relinquished.

One of the goaltending highlights came when Bob Ballance broke away all alone in the closing moments of the second session to cruise in unmolested on an apparently helpless Pickell. The Seattle goaltender matched Ballance's goalmouth shift with one of his own to rob the big Canuck forward.

A determined Vancouver club continually tested Pickell in the third period. Paul Courteau, "Whimpy" Jones, Andy Chakowski and Len Mutcherson made unsuccessful forays on the Seattle citadel. Less frequent Seattle attacks were no more successful against Lamarche.

The Seattle tally at 18:50 of the final period giving them a 3-1 margin was anti-climax and took the heart out of the herd pressing Canucks.

Seattle's Cal Stearns was probably the best man on the ice. He stuck strictly to business, revelling in the rough defensive play of Vic Lofandahl and Les Vickery, huge Vancouver defencemen.

Lofandahl is a big bruiser whose hobby is catching perfectly innocent players between himself and the boards and then attempting to telescope them. He wasn't so successful Friday but he did make a number of the Seattle forwards "Lofandahl-conscious" when he connected. Vickery appears about as amiable as a bull in a Communist rally. The two of them will undoubtedly gain a lot of respect

from opposing forwards during the coming season.

Summary

First Period:—Scoring none. Penalties: Boorman.

Second Period:—1. Vancouver, Mutcherson (Carse-Jones) 5:20; 2. Seattle, Filion (Tallifer) 8:25; 3. Seattle, Schmidt 9:05; Penalties: Senick, McAndrew, Reardon, Tallifer.

Third Period:—4. Seattle, McAtee (Schmidt-Maxwell) 18:50. Penalties: Chakowski, Tallifer (10 min. misconduct), Lofandahl.

Lineups

Seattle — Pickell, Tallifer, Schmidt, Boorman, Waldner, Maxwell, Stearns, Medynski, Senick, Filion, Kalapaca, Simpson, McAtee, McIntyre, Gibson.

Vancouver — LaMarche, Vickery, Lofandahl, Reardon, McAndrew, McPherson, Carse, Courteau, Doherty, Ballance, Wilson, Chakowski, Mutcherson, Jones, Gruhn, Fero, Shill, Jackson.

Five Newcomers

(Continued from Page 9)

already practicing regularly and displaying a lot of hustle and speed are Don Petrie, who hails from Medicine Hat, and Tony Hauck, of Ponoka, Alta.

McKay Back.

On the rear guard, the Vernons have big Dave McKay, a one-time N.H.L. star and one of the top defencemen of the league last season. McKay has been turning out to Canadian practice sessions regularly and working hard knocking off those few extra pounds.

Along with Dave, Harney has Bill Nelson, Mike Kramer and Stan Grisdale. Tom Stecyk, recently cut loose by the New Westminster Royals, is in Vernon at the present time, but has not definitely decided if he will don a Vernon uniform.

How Harney will make up his attacking units was not known at press time. During the past week of practice, he has had John Lofandahl centering Stan Mills, a local junior, and Don Petrie. Forming his second unit were Lloyd Smith, flanked by Bert Elliott and George Keryluke. Sarge Sammartino has been centering the third line with Tony Hauck, Mike Zonia and Reg. Betts and Stan Berry sharing wing positions.

Working between the pipes for the practice sessions have been George Squires, a member of last year's Vernon juniors, and Harold Orrison, of Sydney. Both newcomers have improved considerably since the opening few nights of practice and although they will not see action this season, they are slated for spots in future years.

Commenting on the coming season, coach Harney stated: "The workouts over the weekend will iron out all starting lineup difficulties. Some of the newcomers haven't been on ice very much this year and need a couple of practices before they can get loose. Every man who shows he can stick in the thick of things will be used. Obviously, the club needs some strengthening, but that is something we can't fix until the season has started. If the club works all right, we can forget about any more imports."

During their last pennant winning season of 1947, the Brooklyn Dodgers won 52 and lost only 28 games at home.

NEW YORK — Tony Lawliok, Ranger wing, has played 150 consecutive hockey games since 1940.

Hannahs Capture Husband, Wife Golf Competition

Dr. Sam Hannah, Vernon golf champion, continued his winning ways on Sunday when he and Mrs. Hannah won the Pemberton Cup, emblematic of the Interior husband and wife invitational golf championship. Mr. and Mrs. Hannah retained the trophy they won last year by shooting a net 86.

Mr. and Mrs. A. E. Lefroy, also of the local club, were runners-up. Low gross winner over the nine-hole route were Mr. and Mrs. Hazel Nolan, of Vernon, while the prize for low net was won by Mr. and Mrs. A. Roadhouse, of Kelowna.

Fifteen couples turned out for the tournament, eight couples representing the Vernon Golf Club, four from Kelowna and three from Revelstoke.

This was an increase over last year's figure. The rather strained relations which exist between husband and wife following the matches does not appear to have lessened their enthusiasm one bit.

This Sunday at 1 p.m. will see the last of the Vernon Golf Club fall fixtures when a mixed medal of 18 holes will be played for the Waterloo Cup. Those wishing to compete are asked to contact Mrs. A. Maynard or J. Inglis. Post entries will be accepted at the Vernon Golf Club.

from opposing forwards during the coming season.

Vernon Cadets Plan Ski Club

Boys between the ages of 14 and 18 years of age will be interested in the formation of a ski club within the ranks of the cadet branch of the B.C. Dragons in Vernon.

Ski instruction will be given to club members every Saturday afternoon from 2 to 4 o'clock in the Armories until such time as snow conditions make actual skiing possible.

Club instructors say that hills in the Coldstream area will likely be used for weekend excursions tentatively planned for the club.

Those interested in joining the club should attend the opening class to be held Saturday.

Skiing is only one of the many activities planned for the Cadets this winter. First aid, operation of "walkie talkies" and other radios, and the use of such small arms as the Bren, Sten and rifle are all included among training offered to boys now enlisted in the cadets or those who plan to join.

Boys between 14 and 18 years of age who wish to join the cadets may do so by attending the Monday meeting held from 8 to 10 p.m. or the Saturday ski meeting from 2 to 4 p.m. Sgt. Major Hodson or Lieut. E. Thompson will list the variety of training open to recruits.

When Loues, a Greek peasant, won the first Olympic marathon, his reception was so great that women threw jewelry at his feet.

Alcoholics Anonymous

TO BE HELD IN THE

BURNS HALL, VERNON, B.C.

ON

THANKSGIVING DAY, MONDAY, OCT. 10th

COMMENCING AT 8:00 P.M.

THE TENSE, DRAMATIC MOTION PICTURE

"THE PROBLEM DRINKER"

Speakers from Vancouver, Victoria, Kamloops, Kelowna and Penticton explain the part played by Alcoholics Anonymous in the rehabilitation of alcoholics.

EVERYONE... Social drinker, alcoholic and non-drinker will find this an interesting and informative evening. Plan to attend.

Alcoholics Anonymous has but one purpose: To help the sick alcoholic recover if he wishes. Alcoholics Anonymous has no opinion on any controversial subject, nor does it oppose anyone. There are no dues or fees.

Chairman—DR. CAMPBELL BROWN

Nothing for Sale

There Is No Charge or Collection

OPPORTUNITIES IN GROWTH STOCKS

"Seven thousand one hundred and forty dollars invested in the common shares of five well-known Companies in 1924, increased in market value to \$58,870.00 (as at June, 1948), besides which the investor would have received an income of \$30,443 during the intervening period." THE SAME POSSIBILITIES EXIST TODAY.

We recommend the purchase of certain Canadian common stocks at current levels for income and capital appreciation. We have a list of 15 major Companies, some of which are on the threshold of great expansion.

OIL UNDERGROUND

"Western oil development is the most important single event of recent years in the Canadian national economy. A flood of new wealth worth \$2,500,000,000 has been proven up since the Leduc discovery of 1947. It is estimated by leading oil authorities that Canada may develop and produce ultimately 20 times this amount."

Expenditure on drilling, exploration, pipe lines and refineries now run into hundreds of millions of dollars. OIL IN THE WEST IS NOW BIG BUSINESS. EVERY CANADIAN SHOULD HAVE AN ACTIVE INTEREST IN THIS DEVELOPMENT.

Day of Thanksgiving

Monday brings another day for Thanksgiving and here in this wonderful Okanagan Valley there is much for which one can be truly thankful. In all too few countries of the world do people have as much cause to give thanks as we.

Another rich, bountiful harvest has reached its peak and once again the crop is excellent in quality and volume. Unfavorable spring and summer growing conditions of last year were not repeated and fruits and vegetables reflected this fortunate circumstance of climate.

Markets for the soft fruits generally have held up and the recently announced deal with the United Kingdom has cast a beam of sunshine onto apple marketing problems.

The Okanagan is not entirely free from worries, but those we have are comparatively insignificant alongside the woes of Europe and unhappy China.

The dollar shortage crippling trade of the sterling bloc countries, the urgent need for atomic bomb control, the spread of Communism throughout Asia and the plight of thousands of homeless, underfed war refugees still plague the world. Every day of each week, events remind us that the world is buffeted by storm clouds from all sides.

Drastic, Herculean efforts are being made to put world trade back on its feet. Until this is done, neither Canada nor any other country can attain its full stride. The well being of every nation is interwoven with recovery of the other.

While we in the Okanagan can gratefully and truly give thanks, our thoughts also should turn to others less fortunate, for whom this Thanksgiving Day contains only the hope of better to come.

Furtherance of Christianity

A forward step in the religious activity of this community is the opening this week of a new Hall by the United Church congregation. The current high cost of construction is a byword and thus the spacious room of 80 by 40 feet, finished with modern, serviceable features and equipment, is an achievement of no mean stature.

This hall is a stepping stone to larger things. The congregation plans in the not too distant future, to erect a new church to the glory of God and the increased service of Christianity in this city.

A community without its quota of religious life and activities would be a poor and weak thing. It would be an insecure structure with its foundations on the sand of materialism.

It is said that people do not go to church with the regularity or fervor that they once did. Certainly the church fifty and less years ago was at one and the same time, the centre of social life as well as a place of worship in the Godfearing manner which was the way of the forebears of our pioneers. Their courage and foresight is legend. Their hard work and perseverance has made Canada a great nation. The warp and woof of the lives of the majority was their church.

Were it not for the efforts of the few who believe that the church is still the pillar of the community and indeed of civilization, in many instances church-going and religious instruction would have ceased. It is to this comparative handful of people that any progress today is due, and such progress is of an intrinsic character.

The congregation of the Vernon United Church is to be congratulated on its achievement as the winter months are started with the Sunday School housed under one roof for the first time in years. It is hoped that the completion of their building program may soon be a reality.

A Vital Service

Medical science is progressing to the extent that the words "blood transfusion" are becoming familiar to many people; not so far, perhaps, as they are personally concerned, but they are synonymous with renewed health and vigor to relatives or friends. A blood transfusion has brought new life to collapsing veins.

Not long ago, a blood transfusion was

the prerogative of the rich and privileged. During 1948, for example, almost 30,000 pints of blood were used for transfusions in B.C. hospitals. Assuming that this blood would have had to be paid for at the rate of \$20 a pint, and allowing an over-all cost of \$10 for its administration, this represents a substantial saving during last year for ordinary people.

Admittedly when illness strikes, expense is of secondary consequence, but many people are financially crippled after severe sickness. One less burden for them to carry now, owing to the Red Cross Society's blood transfusion service, is blood, which is free to all.

The mobile Blood Donor Clinic will be in Vernon for the sixth time since the war on October 25 and 26. The Red Cross hopes that the turnout of donors from this city will be a large one.

Many persons are nervous of giving blood. They are afraid of the reactions after donating. A simple test determines whether a donor may safely give his blood. Owing to the wonderful chemistry of the body, and dependent on the amount of immediate liquid intake, the pint of blood that is given is usually replaced in volume in about an hour, and in quality, in about 10 days.

The difficulty of getting donors will be lessened as the public becomes educated to the value of the free blood, and to the comparatively simple process of donating it. Because blood is such a personal gift, many people are fearful that donating may do them harm, or that they may be hurt, neither of which is true.

From the FILES OF THE VERNON NEWS

Ten Years Ago, Thursday, October 5, 1929

The past week saw 630 cars marketed from the Okanagan, in the biggest movement of fruits and vegetables since B.C. Tree Fruits Limited commenced operation in June. A team of 22 golfers from the Kelowna Golf Club met defeat at the hands of the Vernon Club on Sunday in the second of the inter-club tournaments played here this fall. Mrs. James Terry received the congratulations of her many friends in this city on Sunday when she celebrated her 98th birthday. Dairy farmers who are patrons of the Okanagan Co-operative Creamery Association are receiving payments for September on a basis of 27 cents a pound. Evidence that Hitler was planning a west front coup to come possibly immediately after Allied rejection of his "peace" speech to the Reichstag tomorrow, grew apace today. Terms of three members of the Vernon Arena Commission expired at midnight last Saturday night. These were chairman K. W. Kinnard, W. W. Darroch, and J. G. Edwards.

Twenty Years Ago—Thursday, October 3, 1929

Frost during the past week has killed most of the tomatoes in the Vernon and Kelowna districts. Shooting of willow grouse closed on Monday, September 30, and from all reports it appears these birds, who are unable to adapt themselves to modern conditions, are just about wiped out. The 11th annual meeting of the Okanagan Valley Teachers' Federation will be held in this city on Thursday, Friday and Saturday, October 10, 11 and 12. The Hospital Association membership drive is in full swing. After a season which commenced on April 1, the Vernon Tennis Club courts will be closed down this weekend. Throughout 1929 there were few days when the courts could not be used. Kamloops has definitely been selected as the scene of the annual meeting of the B.C. Conservative Association.

Thirty Years Ago—Thursday, October 8, 1919

Beginning Monday, an army of popular and ambitious people started to work in the Vernon News' great prize voting contest. They will collect past due and renewal subscriptions and secure new orders, and they will be richly rewarded for the five weeks during which they will be representing the best newspaper in the Interior of British Columbia. R. A. Copeland, president of the United Farmers of B.C., returned on Monday from New Westminster, where he had been visiting the Provincial Exhibition and attending the farmers' convention. The Duke and Duchess of Devonshire, along with their daughter, Lady Dorothy Cavendish, will reach Vernon this afternoon. The Governor-General will open the fruit exhibition at Oyama at 2 o'clock today.

Forty Years Ago—Thursday, October 7, 1900

The annual Fall Fair was held in Armstrong this week, and was attended by large crowds. Despite inclement weather, the show proved an attractive event. Fine poultry, fruit and vegetable exhibits were the order of affairs, and a large entry list was a feature of all classes. In opening the fair, Price Ellison, M.P.P., declared that "from Armstrong to Salmon Arm, the country is going to become the best place in the world for winter apples, bar none." Good progress is being made by engineer Hawkes and his men in constructing the new waterworks and sewerage system. Work is being pushed forward and everything may be completed by winter. Mr. and Mrs. R. W. Neil returned on Wednesday following a visit to the Seattle fair. A further addition is being built to W. R. Megaw's departmental store. It is a two-story cement structure, the excavation for which is being done by Joe Harwood.

Fifty Years Ago—Thursday, October 5, 1890

Farmers of this district are being urged by the Provincial Department of Agriculture to prepare their tracts for exhibition at the forthcoming Paris Exposition. C. B. Lefroy, secretary of the Agricultural Society, has been requested by the department to obtain as large an exhibit from this district as is possible. A dispatch to an English paper from its South African correspondent states that the war in the Transvaal is likely to break out within 24 hours. The Boers are expected to make the first attack. New Westminster defeated Toronto 7-2 in a Canadian championship lacrosse game played at Queens Park, New Westminster, in connection with the Provincial Exhibition. The hop crop in the Coldstream is the largest in history this year. Two hundred Indians are engaged in picking.

Back Seat Driver

Most Anything

By STUART FLEMING

It has been generally recognized in this city for a number of years that the railway crossings on Barnard Avenue and Schubert Avenue are a public menace. Various suggestions have been made for the elimination of the hazard but the only one that ever came to anything was the installation of a couple of lights. Just recently those lights haven't been functioning. Has the danger passed? Frankly, I have always been most attracted by the proposal that a large mirror should be installed at the Barnard Avenue crossing to reflect the state of traffic on the tracks south of the avenue. I don't think the idea would work but it would excite some fascinating comment from visitors and rank as a first class tourist attraction. It might, also force the public to demand an effective and final solution of the problem. The approach of winter and icy streets heralds the aggravation of an already aggrieved situation. There does not seem to be much doubt that at the moment the only thing that is likely to produce any real action, just as in the matter of more effective traffic control on Barnard Avenue, will be a spectacular crash involving loss of life. The citizens of Vernon cannot go on being lucky forever and luck alone can be credited with averting a major disaster so far.

A little note at the bottom of a column in last week's paper said: our national forests provide recreation for 35,000,000 people annually—which is a very neat trick for a nation of 13,000,000. The statisticians must count them coming, going and during.

I should hate to be accused of

slandering honest workmen at their labors, but, honestly, whatever possessed the workmen who painted the pedestrian lanes on Barnard Avenue last week? Surely they couldn't all have been hung-over but that is about all the appearance of their handiwork seems to suggest. Children who painted as sloppily as that would be bounced out of kindergarten with no right to appeal. And anyway, what kind of a schedule is the city's street painting program on? During the summer when traffic was at its height, the pedestrian lanes were almost indistinguishable. Now that traffic is tending to taper off a little and as the prospects of snow covered streets increase, the lines are restored. It's a wonderful world.

Harry Lomax, of the Vernon Fish, Game and Forest Protective Association, tells me that local sportsmen are perturbed by the number of trigger-happy shotgun owners who have been shooting pheasants out of season. Apparently the greater abundance of birds this year has been too much for some itchy fingers but that doesn't make the offences at all justifiable. It doesn't seem right that the local sportsmen should have to struggle constantly against government disinterest to maintain good shooting conditions here only to have their efforts partially nullified by members of their own community. There has always been a faint air of glamor about poaching but it would probably be better all round if this business of shooting game out of season were recognized as being nothing more than robbery, and treated as such with severity.

The Blue Streak

Back in the days of high-but-toned boots and fancy skimmers, just before the turn of the century, one of the shining idols of red-blooded manhood (and of the ladies too, we'll wager a cookie!) was a broth of a lad with powerful arms, magnificently muscled legs, and a dower of a handlebar moustache named Mile-a-Minute Murphy. His fine figure became the subject for many a lithograph to grace the bar room or boudoir as fancy might direct.

In those days Mile-a-Minute drew thousands from near and far to gaze as he flashed along beside the Long Island railroad tracks on his bicycle, with a speeding engine ahead of him to break the wind. One day he clipped off a mile in 57 4/5 seconds to earn international fame, and astounded the popul-

ace, including (and a nice touch it is) the doctors who assured him beforehand he couldn't do it, and live.

But in taking note of the 50th anniversary of his feat the other day, the New York Herald-Tribune points out that Mile-a-Minute Murphy is still very much alive, though now 78 years old, and minus a leg lost a year ago in an operation. His famous bicycle, "The Blue Streak," reposes in his attic while Murphy, dreaming of the past, drowns in his wheelchair.

His deed seems pretty tame today to the citizen who can go to his back door and watch a jet plane cleave the air. But does he get anywhere near the thrill that gripped the crowd who saw Murphy skim by like 23 Skidoo on his trusty Blue Streak?

Baby Sitting with Gestures

That is the question: Whether 'tis nobler in the mind to suffer

The slings and arrows of outrageous fortune, Or to take arms, against a sea of troubles

Don't ask Hamlet; ask Harry Rosen, director of Greenbush Summer Theatre at Blauvelt, N.Y. Mr. Rosen's sea of troubles was the children of people who might have been attending the performances of his troupe. The children kept the people home.

Now, the more children who keep people from the theatre, the more actors who don't have parts to play. So the director of the Greenbush players put the two ends of the problem together—the actors with their parts and the children with their parents—and everybody is reported happier.

It works this way: The actors not engaged in performance during a given week go out as baby sitters, and the parents come in as audience. But that's not all. From the children's point of view, it's as you like it. For the baby-sitting actors

practice speech correction, gestures, and so forth, by reading or reciting nursery rhymes and stories to their own special little audiences.

So, genius has returned to the theatre. Mr. Rosen hasn't changed the structure of the drama, we grant. But he has done what every other genius from Shakespeare to Shaw has always sought to do—nil up those empty seats—Christian Science Monitor.

Too Bad It Wasn't Enacted

Monday, Holidays—one of the legislative sidetracks by the dissolution of parliament was a proposed government measure to cause most of the Dominion's statutory holidays (except Christmas and New Year's Day) to be observed on a Monday. It is a pity the legislation hadn't been enacted before the 20th parliament's life was ended. Let's hope that the government which controls the parliament will put this very desirable enactment at the top of its list for the next session. Kamloops Sentinel.

Serve him a man's tea

Working indoors or out, your man will especially like a steaming cup of fragrant Canterbury—the tea that let's him relax. Enjoy hearty Canterbury with him—it's the traditional blend most Canadians prefer.

and it costs you less at SAFEWAY

"Both Were Contented Carnation Babies"

says MRS. P. K. LEITCH, graduate dietitian of Alexander, Mc

MANY, many mothers with dietetic training and experience have used Carnation formulas for the babies. But you don't have to be a dietitian to use Carnation formula.

Carnation is widely accepted as the preferred formula for infant feeding. Homogenization and heat treatment make Carnation unusually digestible so that it agrees with babies; evaporation makes it double so that it can be exactly diluted to suit each baby; sterilization brings it to your home absolutely pure and pure. Ask your doctor about a Carnation formula for your baby.

Kelburne and Sidney Leitch—both fine husky Carnation babies. Says Mrs. Leitch—"We had never a day of worry over the babies' Carnation feedings. And the Carnation formula was so easy to prepare. No wonder there are so many Carnation babies in the world."

THE MILK EVERY DOCTOR KNOWS

"Kid's Hangout"

You can't keep youngsters out of the kitchen so why not give them a corner all their own private snack-bar, located just inside the back door featuring jumbo jars of their favourite after-school treats. Of course, this is going to invite traffic. But your good Gold Seal Congoleum rug can take any amount of coming and going!

With its wear layer of heat-toughened padding and baked enamel equal in thickness to 8 coats of the best floor paint applied by hand, Gold Seal Congoleum is lastingly pretty, and it cleans up bright as new with the swish of a damp cloth. Just remember! For all-round economy that only real Gold Seal Congoleum Rugs can give you look for this seal. It carries the famous money-back guarantee of satisfaction! You'll be surprised how much quality you can buy for so little money.

Enderby Pupils Organize For Pleasure and Profit

ENDERBY, Oct. 3.—Five clubs were formed on Friday by pupils of Enderby High School. Although hard pressed for room, space in which to meet was arranged, and a program for the coming season drawn up. Executives will be chosen within the next week.

The Journalism Club, sponsored by Mrs. E. Lidstone, is made up of 14 members, which includes the editor, Miss Audrey Ward, and secretary-treasurer, Miss Lucy Glushko. The club plans to publish four papers. These will be issued in October, January, March and May, the main objective being the annual, issued in June.

Since the Hobby Club has the largest membership, three groups have had to be formed. The Handicraft Club, sponsored by Miss B. Maddin, is one. This has 12 members. Knitting, leather and embroidery work are a few of the crafts to be carried on this term.

The second club is for woodwork, handled by R. Cummings, with 12 members, to include girls as well as boys.

The last division of the Hobby

Club is for photographs, sponsored by school principal, A. E. Thomas. No room is available in which to develop films, so use will be made of all "dark corners."

A group of 29 boys, from 12 to 17 years of age, has been formed into a cadet corps. R. O'Connor plans to teach the boys shooting, signalling, map-reading, and other activities.

S. Plater, sponsor of the Glee Club, has many plans in mind for the 17 members of this group. Among these are singing, appreciation of recordings and preparation of a musical program to be presented towards the end of the term.

The Drama Club, sponsored by R. Caswell, has a membership of 17, and if more students join, the club will be divided into senior and junior drama groups, to enter the Drama Festival in the spring.

Fruit Industry Gains Greatly Says Yale M.P.

"Evidence in the last few days has shown that on the whole the fruit industry has gained a great deal from the action of the government both with the new shipment of apples to Britain and the devaluation of the dollar."

That is the contention of O. L. Jones, Yale M.P., in commenting on the \$3,000,000 Canadian apple deal with the United Kingdom and the enhanced position of Canadian apples on the American market due to our devalued dollar.

Dealing with the act to dispense with services of the Privy Council, Mr. Jones noted that mainly lawyer-members in the House took part in the debate during the second reading. A Newfoundland M.P. expressed his fears that judgment already given by the Privy Council may be overruled by the Supreme Court when established. His fears were based on the fact that the Privy Council delineated the Labrador boundary between Newfoundland and Quebec.

The clause in the Bill that states at least three of the nine judges shall be from Quebec has aroused a great deal of discussion. The general feeling, Mr. Jones reports, is that the judges should be selected on merit rather than geographical location. Logically, continues Yale's M.P., Ontario will demand three, leaving three from the other eight provinces.

The Throne Speech contained the promise of early consultation between Provincial and Dominion Governments on subjects of constitution, education and housing.

M. J. Coldwell, C.C.F. leader, moved an amendment to the Throne Speech regretting the failure to propose legislation to remove the means test from the old age pension.

Surprisingly, said Mr. Jones, only one Member spoke on the subject and a vote was called. The C.C.F., Progressive Conservatives and Social Credit, making a total of 50, voted in favor while every Liberal voted against.

Mr. Jones termed this action a "disappointment, especially as some Liberal members have spoken against the means test on the public platform."

The Summerland Experimental Station "not only has nation-wide approval but also its work has become international in its scope," says Mr. Jones who congratulated Hon. J. G. Gardiner, Minister of Agriculture, on the work the Farm is doing.

Two Radios Big Prizes at Elk's Annual Carnival

Games and music, noise and hot-dogs will all be part of the fun frolic which is the Elk's annual carnival being held in the Vernon Scout Hall tomorrow, Friday, and Saturday evenings.

The feature of the 1944 carnival is a free raffle. Two radios are being given away as prizes. A draw for one free radio will take place each night at 11 o'clock. The winning contestant must be in the Scout Hall at the time of the draw to be eligible to claim the prize.

If a winner is not declared Friday night, two radios will be given away on the second night of the grand show. The radios are on display at Dean's Jewellery and F. B. Jacques and Sons.

Numbered raffle tickets have been delivered to all Vernon homes. If some have not been received, they may be obtained at the above-mentioned stores.

Proceeds from the carnival will go towards the Elk's Christmas Cheer Fund and to help sponsor Junior sports.

The carnival begins each evening at 7:30 o'clock sharp and continues until midnight.

Higher Temperatures, More Sunshine This September Than Last

Old man Sol was apparently feeling much better this September than last, for he was up and around beaming down on the Vernon populace for fully 202.3 hours, as compared with a measly allowance of 180.3 hours for the month of September last year, according to a report from the office of Frank Smith, city meteorologist.

Rainfall was much the same with .84 inches falling this year as compared with .85 inches for September, 1943.

The high temperature during the month was 84 compared with 79.2 last year while the low for the month found the thermometer registering 31 compared with 1943's low of 28.9.

The mean relative humidity for the month was 64 percent, compared with an average for the month of 65 percent.

New Investment Service Will Be Opened in City

A complete investment service will be available for residents of Vernon and district beginning Tuesday, when the International Bond and Share Corporation Ltd. opens an office in the Jacques Building on 31st Street. At the start, the office will be open the first three days of each week but should business warrant, a full time representation will be established.

The office will be opened by Doug. Carr Hiltori, of Kelowna, manager of the Interior branches, and former accountant of the Canadian Bank of Commerce from 1929 to 1938.

Latest information on any stock or bond will be available. Ticker service is installed at Kelowna and immediate quotes can be obtained. Percy Harvey, sales manager, makes monthly trips through the Valley and his assistance can be secured by any client.

Last Rites Held In Enderby for Pioneer Settler

ENDERBY, Oct. 3.—Funeral services for John McKay, 76, who died at his home in Enderby on September 29, were held from the Regular Baptist Church, Enderby, on Monday at 2 p.m. Rev. W. L. Robertson officiated, assisted by H. Clark, of Vernon, an old friend of the family.

Mr. McKay was born in Ballymena, Northern Ireland, on December 22, 1873, of Scottish parentage. In 1897 he married Miss Mary Campbell at Glasgow, coming to Canada in 1904, when he first settled in Ontario. He came to Enderby a short time later, where he was employed by one of the district's first white settlers, the late A. L. Fortune.

In 1909, Mr. McKay purchased property on the lower Enderby-Salmon Arm Road. Mr. McKay cleared the property and built his home and farm buildings by 1911.

For 12 years he was employed as Provincial Government road foreman, resigning that post a few years later to open the Maple Leaf Store, in 1924.

Upon his retirement, he placed the store under the control of his son, James, who later died in Holland.

In February, 1938, the first Mrs. McKay died. In 1947, Mr. McKay married Miss Louise Andrews, of London, England, and who survives.

Other survivors include: Thomas C. McKay, of North Bend; Mrs. Stanley Price, of Hulloar; Mrs. P. E. Hall, North Vancouver; Miss Martha McKay, of Kimberley; Mrs. E. Symington, North Vancouver; Mrs. J. Hall, Vancouver, and Miss Roberta McKay, of Enderby.

Mr. McKay had a wide circle of friends throughout the Okanagan Valley, who attended the last rites.

Kamloops Headquarters for B.C. Seed Association

KAMLOOPS—Tenders for the construction of a 170 by 70 foot cleaning plant, warehouse and head office building for B.C. Co-operative Seed Association, will be invited within a fortnight, W. H. Baumbrough of Vernon, president of the association, has revealed. The building will be erected on the Mission Road, just west of the R.C.N.A.D. station. The site, purchased recently from the City of Kamloops, has 200 feet of frontage on the Canadian Pacific right-of-way and will be served by a spur-track.

The association intends to begin construction as soon as possible. The building must be ready for occupancy by March 31, 1950, on the date the association will vacate its present headquarters in Kamloops, which it recently sold. The new building will be a two-story structure with a fully-insulated concrete foundation, a structural steel frame which will be placed wooden sheathings. Part of the structure will be two storeys and the rest one-storey.

The two-storey section will house seed-cleaning machinery. The warehouse and shipping room will be one storey high. A general manager's office and board room will be contained on the south end of the two-storey section.

B.C. Co-operative Seed Association transfers its operations here next spring. It will bring a permanent staff of 15 employees, including its general manager, P. O. Blake. In addition, its payroll annually includes 10 to 12 seasonal employees.

B.C. Co-operative Seed Association is financed and operated by the seed growers of British Columbia. Its directorate, in addition to Mr. Baumbrough, includes Y. Sugimoto, of Grand Forks; D. C. Jones, of Lillooet; John Conder, of Langley; and Fred Barnes, of Victoria.

It does an annual business ranging from \$200,000 to \$300,000. Its seeds are sold all across Canada and in the U.S. Prior to the "softening" of sterling currency it did a large business in the United Kingdom, Europe and the Commonwealth.

(Continued on Page 20)

Sight Forest Fire, Put It Out Inside Of Fifteen Minutes

KAMLOOPS—Spotting a forest fire and putting it out in 15 minutes is "some going in any man's league," but that's just what B.C. Forest Service rangers did last week. The Lolo Lookout, north of Kamloops, spotted the fire in the old C.P.R. The Camp's slash at Cherry Creek west of Kamloops. Within 15 minutes a B.C. Forest Service crew was on the spot and had extinguished the flames.

There were 13 new fires last week in the Kamloops forest district, bringing the total of the season to 501. Seven are still burning.

Workmen Begin Loading Fill for New Highway

WESTWOLD, Oct. 3.—Trucks, tractors, carry-alls, a huge power shovel and a crew of workmen began removing dirt on Friday from the knoll at Ben Buhler's to supply the required fill along the new highway now under construction.

Alex Pringle, Ted Elliott, Ted Lenzen and Lew Ness left on Friday morning for a moose and deer hunting trip to the Tranquille and Red Lake districts.

Mrs. Elmer Helbert had as a guest at her home in Westwold, her sister, Isobel, of Vancouver.

Basil Dogeson, of Vancouver, returned to his home on Thursday of last week after spending the past week with his brother, Ray, of Westwold.

"Nothing Definite" On Opening of New Hope-Princeton Road

PENTICTON—"Nothing definite" has been decided with respect to the official opening of the Hope-Princeton highway, J. W. Miers, district engineer of the Department of Public Works, reported last week.

"Everything depends on the weather," Mr. Miers said. The work is being pushed and the gap narrows daily, "but the weather must be the deciding factor."

A few more weeks of the present weather may see the job completed so that the highway could be opened by the end of October.

But nothing has been decided. Recent reports have suggested that the opening date may be set for about October 22, but the present state of the work is such that a spell of bad weather could result in a further delay.

"The highway will be opened the first day it is possible to do so," said Mr. Miers.

Little known is the fact that a Canadian, Dr. Abraham Genser, of Cornwallis, N.S., discovered kerosene.

Crime Does Not Pay

and Johnny Young, his head bowed, while listening to charges against him in court should realize it by now. Young was accused less than a year ago with aiding the Perraults escape following their shooting of Montreal policemen. Now Young has been arrested for dope peddling, \$140,000 of which was found in his room in Montreal.

Rutland Prepares Plebiscite for Village Charter

RUTLAND, Oct. 3.—A petition for the holding of a plebiscite for a village municipality is being circulated and is almost ready to be submitted to Victoria.

The area proposed is all of Section 26 and the north half of Section 23, a total of 960 acres.

Roughly, the region proposed includes from the airport office north to the school and for half a mile each side of the main road to the east and west. An estimate of the population in this area is well over 1,000.

The Board of Trade executive, at a recent meeting, endorsed the move for the plebiscite and appointed an executive member as convener of a committee to go ahead with plans.

Kelowna Canines Win Top Awards

KELOWNA—A number of prominent champion dogs owned by local residents captured top honors in the recent eight show circuit held in the various large centres on the prairies. Two shows were held in each of the cities of Saskatoon, Moose Jaw, Calgary and Edmonton.

Champion Maharaja of Wyndhaven, owned by Mrs. Purves Ritchie, of Okanagan Mission, not only placed best hound in show in five of the eight shows, but also was judged best in show and three times reserve best in show. Another honor captured by this beautiful Afghan Hound was being judged four times best Canadian bred dog in show.

Another champion hound owned by Mrs. Ritchie placing in the eight show circuit was Champion Pat-Mer Czar of Wyndhaven, a magnificent Borzoi, who was judged best hound in show in three of the series.

Two other dogs exhibited by Mrs. Ritchie included an English cocker, "Debonair of Pat-Mer," who was eight times judged best in breed, thus completing his championship. The other was the seven-month-old Shetland sheep puppy owned by P. E. Ritchie of Okanagan Mission, and named "Laird of Ronas Hill." This puppy was four times judged best breed and twice best Canadian bred puppy in the show.

Accompanying Mrs. Ritchie in motoring to the prairies for the eight kennel shows was Mrs. Tommy Hughes, who took her Keeshonden, "Frisky," to enter him in the shows.

Placing best of breed eight times in the eight shows, Frisky also placed seven times in his group thus completing his championship.

Lavington Area Crops in Record Output This Year

LAVINGTON, Oct. 3.—Many acres of potatoes are being harvested this week in the Lavington district. Dusting for "flea beetle" and the "rotobuster" has proved a boon, to farmers who have grown record crops in most areas. Reports of 18 to 20 tons to the acre have been recorded daily.

Alfred Wiedeman has almost completed a busy season with his combine, having worked as far south as Kelowna.

The apple crop has been mostly picked in this area. The remainder of the root crops will be garnered within the next 10 days.

A large flock of Canadian geese was seen circling the Valley early Saturday morning, prior to their seasonal takeoff to other points.

Several hundred ties are moving out of the district. One company has loaded and shipped four carloads from the Lavington siding, headed for Calgary.

Mr. and Mrs. John Kowal are leaving this weekend for Calgary where they will visit friends.

Gerald and Cecil Wiley were out again last week up the valley with their cougar hounds seeking an animal which, reports indicate, has killed a goat. Children have been afraid to leave their homes.

The All Saints Anglican Harvest Thanksgiving Service was held in the Lavington School on Sunday morning. Rev. L. A. C. Smith conducted the service.

People attending the annual auction sale in Lavington today, Thursday, are reminded to take in the "bang-up" dance in the Memorial Hall tonight. Funds obtained from the day's celebration will go towards the work of the Community Hall Society.

Congratulations are extended to Mr. and Mrs. Fred Ordynas, who were married in Vernon on Friday. They will make their home in Lavington. Mrs. Ordynas is the former Miss Mary Macarenko.

Lavington residents also extend congratulations to Mr. and Mrs. E. Roth, of the Gillespie Ranch, on the birth of a son in the Vernon Jubilee Hospital on Thursday of last week.

B. Bennett, of Barons, Alta., is spending a two-week holiday at the home of his parents, Mr. and Mrs. C. Hedeus, of Lavington.

Rattlesnake Strikes Man Helping to Move Car Accident Victim

PENTICTON—Bitten twice on the right heel by a rattlesnake as he was assisting in the removal of the body of a man killed in an auto accident near Keremeos, September 24, Leonard James, of Hedley, is now none the worse for his experience because of the swift administration of anti-snake venom serum by Dr. Edward Markowski, of Hedley, who was also at the scene of the accident.

James was bitten as he was aiding others in removing the body of John Look, of Osoyoos, killed instantly Saturday when his light delivery truck overturned at a 45-degree embankment and plunged 160 feet into a gulley.

Immediate administration of the serum possibly saved James' life.

A coroner's jury verdict handed down at an inquest, held at Princeton, found that Look had been instantly killed at about 3 p.m. September 24, about 6.8 miles west of Keremeos, "when the right front tire of his light delivery Chevrolet truck went flat causing him to lose control of the vehicle which then plunged over a 45-degree embankment on the right hand side of the road."

The deceased apparently was thrown through the right hand passenger door window and died instantly from the effect of serious chest injuries.

The dairying industry in Canada is carried on most extensively in Ontario and Quebec.

Traffic Patrol Assignment for City Constable

Stationed in this city for over eight years as a Provincial Police constable and one of the most popular officers assigned to Vernon, P. Q. Drysdale left Monday night for Hope, to where he has received transfer.

Constable Drysdale's new assignment sends him to traffic control work on the new Hope-Princeton Highway. Along with Constable Frank Reagan, also of the Vernon detachment, Constable Drysdale this spring completed a course in highway patrol duties at Victoria.

Upon joining the force at Vancouver, Constable Drysdale came to the Vernon detachment in July, 1941. After three years he was assigned to the Vernon District Detachment and since then had become a familiar figure throughout the North Okanagan.

Keenly interested in sport, he was a member of the local Rifle Association and Curling Club. He was also a member of the Odd-fellows' Lodge and the Masonic Lodge.

Constable Drysdale's wife and family left with him Monday.

Kamloops Youngster Blasts Bruin with Handful of Stones

KAMLOOPS—Bears don't command any more respect than dogs or cats as far as Billy Donaldson, six-year-old son of Mr. and Mrs. H. (Jock) Donaldson is concerned. At least they didn't until his father explained the folly of chasing black bruins around the country.

While up at Paul Lake recently, young Billy met a bear while walking in the woods. Undaunted, the lad pelted the four-legged intruder with rocks. The bear, feeling that discretion was the better part of valor, beat a hasty retreat.

On hearing the story from Billy and some of his young playmates, Mr. Donaldson was quick to point out that all bears wouldn't take so kindly to such treatment, and that the next time Billy met a bear he should be the one to make a hasty exit.

Call Tenders for Okanagan Flood Control Report Soon

KELOWNA—Tenders for the implementation of the Okanagan Flood Control report will probably be called the latter part of October, and the initial work of the project possibly will get underway before the end of the year.

This was revealed recently by C. P. Faulkner, engineer in charge of Okanagan Lake control, and secretary of the joint board of engineers which has made a careful study of flood conditions south of Penticton. Mr. Faulkner said the joint board of engineers will meet the middle of October to review the spade work which has already been done, and to finalize plans prior to calling for tenders.

Original estimate for implementing the scheme proposed by the joint board of engineers, was in the neighborhood of \$1,700,000. However, due to rising costs of materials and labor, this figure has now been boosted to approximately \$2,275,000. Both provincial and federal governments will share the cost and the various municipalities affected may be asked to contribute. However, there has been no definite understanding as to how much the municipalities will be expected to contribute.

The scheme, which calls for new dams at Penticton and at Okanagan Falls; five new bridges, and digging a 25 mile new channel for Okanagan River from Penticton to Osoyoos Lake, will take about two years to complete.

When the Okanagan Lake is lowered, both C.N.R. and C.P.R. will be required either to extend wharfs into the lake or do a certain amount of dredging so that the lower lake level will not interfere with barge service between Kelowna and Penticton. Under the proposed scheme, the agreed maximum of Okanagan Lake will remain the same—102.5 feet, but the agreed minimum will be lowered from 99.5 to 98.5 feet for normal operation, with an emergency level of 97.5 feet.

Implementation of the Okanagan Flood Control report will eliminate flood conditions on Okanagan Lake. Damage ran into thousands of dollars during the high water in 1948, while similar conditions prevailed in 1942 and 1928.

Since 1938, the amount of cheques cashed by Canadians has risen steadily every year. Overall advance has been from \$30.9 billion in 1938 to the all time record of \$80.7 billion in 1948, a gain of more than 160 percent.

HISTORIC MEDICAL HIGHLIGHTS—No. 23

LISTER'S GREAT LEGACY

HISTORIC turning point in the battle against death and disease was August 12, 1865, when Lister soaked a dressing on a boy's crushed leg with carbolic acid. Usual treatment at that time would have been amputation. This act tested Lister's theories that infection and disease were transmitted by unseen organisms, frequently introduced by doctors themselves. Four days later, the injury was found to be free of infection . . . a fact that led to today's aseptic and antiseptic surgery that permits healing measures to be taken without amputation or risk of infection.

The cleanliness that is synonymous with medicine and its practice is our watchword, too. Every precaution is taken in our prescription department to assure the purity of your doctor's prescriptions.

Sorority Plans Expansion Here In Fall "Rush"

Outstanding among the fall activities of the Phi Chapter, Beta Sigma Phi sorority, which is resuming its regular bi-monthly meetings, is the official "rushing" or expansion program. This is carried out in co-ordination with over 3,000 chapters of the international organization throughout the United States, Alaska and Canada, and is even participated in by chapters in England, Scotland, Hawaii, Guam, Cuba and the Canal Zone.

Miss Betty Jean McFattie, vice-president and "rush captain" for the Phi Chapter in this city, states that the October "rushing" events will include a model meeting and informal party in the Women's Institute Hall on October 13.

Local Chapter officers are: Miss Cora Robson, president; Miss Barbara Godfrey, secretary; Miss Agnes Harvey, treasurer; Miss Dagmar Herry is a program director, with Mrs. Thelma Heggie director of the group.

Members of Beta Sigma Phi participate in creative art contests through their magazine, "The Torch." Among the contests are short story, song and poetry writing. Another feature is the Valentine Girl contest, where the prettiest member is selected by a popular movie star.

The organization publishes its own cultural program.

In addition to extending chapter membership in the "rushing" seasons, many chapters share Beta Sigma Phi with other young women by organizing new chapters locally and in nearby towns. Such a member chapter is called "Friendly Venture."

We can not always have the quality linen we desire these days and the best way is to launder the inexpensive sort so that it looks a better grade. After washing and rinsing, ring it dry and roll in a clean cloth. Let it stay rolled for two hours and then iron until thoroughly dry. This will insure a gloss and keep the linen in better shape than if hung on the line.

Elementary School Teaching Staff Entertained by P.T.A.

Approximately 50 attended the tea sponsored by the Parent-Teacher's Association executive the afternoon of September 28, in the Sutherland Arms hotel dining room, where the table was laid at the west end, overlooking Okanagan Lake. Centred with bowls of autumn flowers, the table was presided over by Mrs. H. K. Bearsto, Mrs. D. J. Wright, Mrs. A. S. Towell and Mrs. J. McCulloch.

D. J. Wright, president of the P.T.A., welcomed the guests. During the afternoon, Mrs. Alec Duncan gave two recitations. Mr. Bearsto thanked the P.T.A. for the gesture of welcome at the beginning of the new school year, on behalf of the teaching staff.

A Friendly Chat

Last week we heard from relatives in Toronto, who, along with other resident of that city, were shocked beyond words at the frightful tragedy of the Noronic fire.

There are many unsung heroes of the disaster; people who applied the best principles of human nature to help their fellowmen.

Knowing that I am always in the market for a human interest story, the following was sent me. It relates how a man, Don Williamson, came, swam to the rescue of a score of people, trapped on the bow of the flaming vessel, towing a heavy raft behind him.

Pay in Pocket
Scrambling out of his clothing, Williamson left his jacket with his pay in the pocket, on the dock, and dived in.

"She was blazing a bit aft, but already the people on the upper deck were panicky and jumping overboard. Some jumped right on the raft and nearly swamped me," Williamson is quoted as saying.

"Soon men and women were sliding down a rope in my direction when they saw the big raft below the anchor. Another fellow jumped in almost fully clothed and swam to my assistance, and both of us pulled in people from all directions. One woman was lowered by tying a rope around under the arms.

"One fellow on the highest part of the ship threw his suitcase into the water first and jumped in after it. I pointed him out, struggling in the water, to a lifeguard in a rowboat, and he was saved.

"When I could see all were off the ship, I remembered my pay in my pocket on the wharf," Williamson is quoted as continuing. "After helping the passengers ashore, I went to the spot where I had left my clothes. My jacket, with my pay, was gone.

"Looking up and down the dock, I spotted the forlorn figure of a man in soaking wet pyjamas, wearing my jacket. 'I borrowed it because I was so cold,' he said apologetically. And I felt, so sorry for him, I forgot about my pay. I let him wear it until he left for hospital in an ambulance with plenty of blankets.

"Finally I remembered my pay again. I dug into my pocket and the money was there, every cent of it."

Flower Arrangements
Someone sent me a clipping regarding flower arrangements after my commenting on those at the Armstrong Fair. A fair scale, runs the article, divides the possible 100 points into five equal parts. This allows 20 percent for distinction; relations of flowers and container; color harmony; proportion and perfection of arrangement.

The condition of blooms and foliage is taken care of indirectly by the other divisions. Distinction is sometimes called originality, but that is a poor word for a more desirable quality. An arrangement may be original in the sense of being a queer combination of colors or flowers, and yet lack any claim to distinction, which raises it in a plane above the commonplace of merely pretty. It means good color, nice choice of material thoughtfully combined in an appropriate container.

The relation of flowers and container is important. A vase or jar, which is heavy, such as pottery, should not be used for an arrangement composed entirely of light colored, slender-stemmed or feathery flowers and leaves. On the other hand, a vase light in color and fragile is not suitable for a composition of dark-colored flowers or those of bold, heavy growth.

Color harmony is an effect obtained by holding each color together in an interesting mass rather than dotting it about, hit or miss.

Thinking along the lines of flower and table arrangements, one should remember that some potted plants do not take kindly to warm rooms and steam from hot foods if used for a centre for the dining room table.

With Thanksgiving next weekend, and an extra-special dinner being planned in many homes, you may like to try the following. I have not done so, but intend to. When stuffing a chicken, instead of hunting up a darning needle and thread to sew up the bird go to the bread box and take out a "heel" of bread. After the stuffing is all in the bird, the crust of bread is placed over the opening and the edges tucked in under the flesh. A soft crust will work better than one that is too dry. Before the bird is served

Receipts from Junior Red Cross Sale Top Last Year's

The annual fall sale of vegetables, fruit, flowers, canned products, jam and pickles, sponsored by the Junior Red Cross branch of the Elementary School, and held Friday afternoon, was an outstanding success. The event was coupled with a tea, sponsored by the Parent-Teacher's Association.

Approximately \$156 was realized from the sale, and the entire proceeds will go to Junior Red Cross projects.

The tea netted about \$50, which will be set aside for the P.T.A.'s 1949-50 objective of additional sports equipment for the schools, and an inter-class radio system for the Harwood Elementary School, now being built.

Vernon's next generation of businessmen and women should be of excellent calibre. The anxiety of Grades five and six to please customers; their readiness to deliver large parcels, and with articles priced fairly and in some cases very cheaply, all contributed to the success of the affair, which is a highlight of the students' year.

The sale draws a larger number of patrons every year, evidenced by the increased revenue this fall.

Customers crowded the ground floor halls where the booths were set up for the full two hours of the sale.

The tea served in the library by

Delicious sauces for serving with meats can be made from dried fruits—apricots, prunes, peaches, etcetera. Soak the fruit in water for about an hour and cook slowly in the same water until soft. Add a pinch of salt and some sugar where sweetening is required. To give the sauce a fresh-fruit flavor, add fresh orange, lemon or grapefruit juice to taste just before serving.

New Prescription For Asthma Found Effective

There are many forms of Asthma. Bronchial, Night Coughing Fits, Chest Tightness, Wheeziness, Dyspnoea (difficult breathing), Emphysema (air distended lungs), etc. This new prescription is put up in 5 grain tablets and has given remarkable results in a large number of cases by persisting and adjusting the dosage to personal requirements. When taken during an attack, it may take as long as a half to one hour to work—the main object is to keep attacks away. Individual requirements will differ, but as a guide one or two tablets are taken one hour before retiring if an attack is usually expected during the night. If you are interested, this new prescription costs five cents per tablet with full directions plus ten cents per order for postage and packing, and are only available by writing direct to Dept. P6, Neodex Chemical Co., Sidney, B.C. Considerable interest has already been shown by asthmatics.

Referee Report Highlights B.C.A.H.A. Annual Meet

Ten important rules for hockey referees were outlined to delegates at the 30th annual meeting of the B.C.A.H.A. in Kamloops recently by Claude Small, of Vernon, former top arbiter for the C.A.H.A. and Frank Becker, immediate past president of the British Columbia hockey body.

In a clear, concise manner, Mr. Small presented his report on referee promotion and the short, but important, information stands as one of the highlights of the two-day convention.

The 10 points in the technique of officiating are: Position is everything, be there; conduct your face-off smartly, keep out of the way; never turn your back on the play; skate backwards; turn away from a "hot" competitor; do not browbeat a penalized player; never indulge in wisecracks; hand off the players; set the standard early in the game; do not try to "second guess" yourself; create the appearance of confidence and competence.

Any hockey fan can realize, after a glance at those rules, that any official who follows these simple steps will receive support of both spectators and players. All too often is a referee sloppy, slow or hesitant.

The B.O.A.H.A. delegates were given a mimeographed form, outlining various basic ideas which could be used for the guidance of future referees and for the improvement of men actually handling games.

Said Mr. Small: "Responsibility for good officiating is great. Many shortcomings of the game are due to mediocre and inefficient officiating. New officials should be encouraged."

Requisites of a good hockey official are many and important. He must be a better than average skater. Good appearance and intelligence, naturally count. In order to resist the pressure of players, coaches and spectators, the man must have moral courage. Good judgment is an indefinite quality of officiating but its importance can be gained from the illustration Mr. Small used: "compare a good referee with a good traffic cop."

The class of competition and the system of officiating employed sets the standard of age for a referee. To the extent of an annual examination, good eyesight and hearing are essential.

Good Opportunities
A point not often fully recognized by fledgling arbiters is that opportunities in the refereeing "profession" are good, although the individual has to be tops. Some of the fees: in the N.H.L., \$9,000 a year; American Hockey League, \$5,000; U.S.H.L., \$3,500 and the Pacific Coast League, \$3,000. In the senior amateur leagues and other hockey generally, fees have been increased.

"The ability to inspire confidence in others of his impartiality, general ability and correct application of the rules make a referee good. His greatest asset is prestige."

Prestige can only be gained through a reputation for good work and lots of work. Attitude in the game, out of the game and personal conduct—all tend to heighten, or lessen, prestige.

Hockey is the most difficult sport to officiate. The referees must be on their toes all the time—they can not afford to let up for a second.

Throughout Canada, hockey has increased tremendously in popularity and in calibre of play but the number of referees has not risen apace.

Good men are essential and the outline prepared by Mr. Small and Mr. Becker, who were assisted by N.H.L. president, Clarence Campbell, C.A.H.A. president, A. W. "Al" Plourd, and Dr. W. G. Hardy, chairman of the Western Canada Intermediate Committee, could go a long way in the development of competent referees in British Columbia.

Seed Association

(Continued from Page 15)

monwealth countries.

The certified seeds it sells are "government inspected in the fields and government tested in the laboratory for purity and germination." Mr. Baumbrough says: Included in the plant to be greeted here will be a laboratory where government inspectors will check the purity of the seeds. The germination tests will be made at federal laboratories in Vancouver.

Several factors have contributed to the association's decision to transfer its operations from Vancouver to Kamloops, Mr. Baumbrough explains.

One was the major increase in municipal taxation in Vancouver, the last straw being a several hundred percent increase in the taxes on the association's warehouse by reason of the levying of a "business tax" by Vancouver City Council.

But perhaps most important in the association's viewpoint, has been the change that is taking place, with increasing rapidity, in the seed growing industry in B.C.

The industry formerly centred in the Grand Forks area, its second most important field being in the Okanagan.

Today, the North Okanagan, Kamloops, Ashcroft and Lillooet districts are becoming increasingly important in seed production, and there is every indication this tendency will continue until they take over the Grand Forks area's previous predominance.

For geographic reasons, in the present—and particularly in the fu-

Reorganization of CMH Activities In Okanagan Area

J. Allan Jones, B.C. Regional Supervisor for Central Mortgage and Housing Corporation, has announced reorganization of Corporation activities in the Okanagan area.

On October 1, the former Kelowna District Rentals Office, became a full branch office. As such, this office will process all National Housing Act loan applications, thus making possible a considerable speed-up in service to borrowers situated in a large area of the interior bounded roughly by Bridesville, Princeton, Spence's Bridge, Williams Lake and Revelstoke.

R. W. Lupton, of Kelowna, who has recently returned from a conference in Vancouver with Regional Office loan officials, will assume the position of manager and will be responsible for loan approvals, appraisals and inspections. In addition the branch office will continue to be responsible for the supervision of rental projects in Kelowna, Penticton, Kamloops, Vernon and Revelstoke.

Forgets Hand Brake; Car Runs Down Hill, Damages Total \$300

KAMLOOPS.—Parking your car on a hill without setting the emergency brake properly can be a very costly mistake, as Thomas P. Evans, of Vancouver, found out recently.

Driving west, Mr. Evans stopped and left the car parked on a slope unattended while he inquired about directions from a group of men working in the vicinity.

Next thing he knew his car was off on a little trip of its own. He gave immediate chase and managed to reach through the window and steer the car 15 feet down the steep grade and into a stone fence.

The net result: The car was damaged to the extent of \$250; the fence, \$50.

Mr. Evans was not injured in the accident.

Kamloops has peculiar advantages as a centre for the collecting, processing and distributing of the seeds in which the B.C. Co-operative Seed Association is the major operator in B.C.

SCREEN FLASHES

One of the greatest western stories ever to come out of Hollywood returns to the Capitol Theatre screen in answer to popular request, for a two-day run beginning tomorrow, Friday. The adventurous "Northwest Mounted Police," stars Gary Cooper.

Heartwarming indeed is Walt Disney's new cartoon and live action dramatic feature production, "So Dear to My Heart," in color by Technicolor, a show for all the family.

Performed wholly in an atmosphere typically American, "So Dear to My Heart" is the simple, homely, close to earth story of Indiana rural life a generation ago, seen through the eyes and recollections of an adolescent boy, Jeremiah Kincaid, his playmates and his adult friends.

"So Dear to My Heart" is showing at the Capitol Theatre on Monday and Tuesday.

"Edward, My Son," brings Spencer Tracy and Deborah Kerr, two of Hollywood's most popular stars, to the Capitol Theatre commencing Wednesday and continuing Thursday, in the most exciting roles of their great acting careers.

The dramatic story of a man whose mad obsession to provide the best in life for his only child brings ruin to everyone with whom his life is bound is a picturization of one of the most successful stage plays to be produced in London and New York in years.

Three of Hollywood's top stars—Robert Montgomery, Robert Taylor and Van Heflin—are narrators in the exciting running commentary accompanying "The Secret Land," the Technicolor "on-the-spot" record of the U.S. Navy's recent polar expedition, which will be shown starting tonight, Thursday, on the Empress Theatre screen.

A happy-go-lucky young man, and his love for a beautiful woman provide the running drama of the new film, "Whiplash," starring Dane Clark, Alexis Smith, Zachary Scott and Eve Arden, which premieres next Monday at the Empress.

Kirshfelt Named President of Mara Badminton Club

MARA, Oct. 3.—Arnold Kirshfelt was elected president of the Mara Badminton Club at a general meeting held in the Mara Hall on Friday night. Mrs. L. Screen was named secretary-treasurer.

Rev. A. E. Longfellow, of Enderby, conducted the service held on Sunday afternoon in conjunction with the Harvest Thanksgiving Festival in St. Andrew's Anglican Church.

The church was beautifully decorated for the occasion with maple leaves and fall flowers. The donations from the Festival were given to the Enderby General Hospital.

Mrs. Herman Kaellenback, of Vancouver, spent the weekend as the guest of her brother-in-law and sister, Mr. and Mrs. L. O. Zettergreen.

Sam Cuddy, who has been a patient in the Enderby Hospital, recently returned to his home. Although still confined to bed, he is much improved.

Mrs. W. Sismey and children, Diane and Bobby, arrived in Mara on Thursday of last week from Victoria to spend a holiday at the home of her parents, Mr. and Mrs. S. Cuddy.

Mr. and Mrs. Len Screen, Owen Rosoman, and Charlie Walker were business visitors in Enderby on Friday.

Miss E. Muriel Nickle, of Mara, spent the weekend visiting friends in Kelowna.

Eric Rosoman is a patient in the Enderby General Hospital. Mrs. Evelyn Kuchuk, of Vernon, spent several days in Mara last week visiting her mother, Mrs. Allina Witala.

Mr. and Mrs. Helmer Johnson recently moved to Mara from Rock Creek.

Miss Helen Johnson returned to her home in Mara last week after receiving treatment at the Kamloops Royal Inland Hospital.

Canada's list of food fishes includes nearly 60 different varieties, chief among which are salmon, cod, herring, lobster, whitefish, halibut, sardines, mackerel, pickerel, grayfish and haddock.

A male textile worker in Canada gets paid approximately 42 times as much as a Japanese worker gets for the same amount of work.
